Getting It Together Through the Years

Deer Valley High, a school of pride, spirit, and good friends. For those of us who remember our beginnings five years ago, Deer Valley was nothing more than a dirt field. Today, it's become the largest, best equipped campus in the state. We have not only reached our goals, but have exceeded them, with the help, Positive attitude, and super effort of both staff and student body in developing our great school by ***GETTING IT TOGETHER THROUGH THE YEARS.***

ANJA -
Well we're Seniors now - it's about time!
Hope we have a class together next
year. Have a fun summer!
Love,
Lynn

Student Life

Spirit Week

Celebrated by all, participated by most. Spirit Week, by far, was a favorite amongst the Deer Valley student body.

Leading the way were sponsors ***Linda Murnane,*** in charge of the Spirit Line, and ***Barbara Dalicondro,*** in charge of Student Government.

No one class was more spirited than another. All classes put forth great effort, with seniors taking the Spirit Stick in the first assembly and sophomores winning in the second.

When asked if she felt the turnout of Spirit Week was successful, Mrs. Murnane responded, "Yes, I feel it came out really well. The football game and dance turnout were much larger than last year's."

Thank you, Deer Valley, for showing our spirit and helping to carry out the legacy of Spirit Week one year further.

Fads 'n Fashion

They're outrageous, witty, and original; they're Deer Valley's student body.

Florescent greens, pinks, and oranges — colorful, to say the least. Each individual making his or her own style, polos were out and leather and ties were in. Parachute pants took flight, and baggy loose-fitting jeans with pockets for everything were the fad. Trojan shoes and Gladiators were the shoes to wear.

The hair was wild, some blue, some purple, some with more than one shade. It was the attitude, the thing to do, the trend.

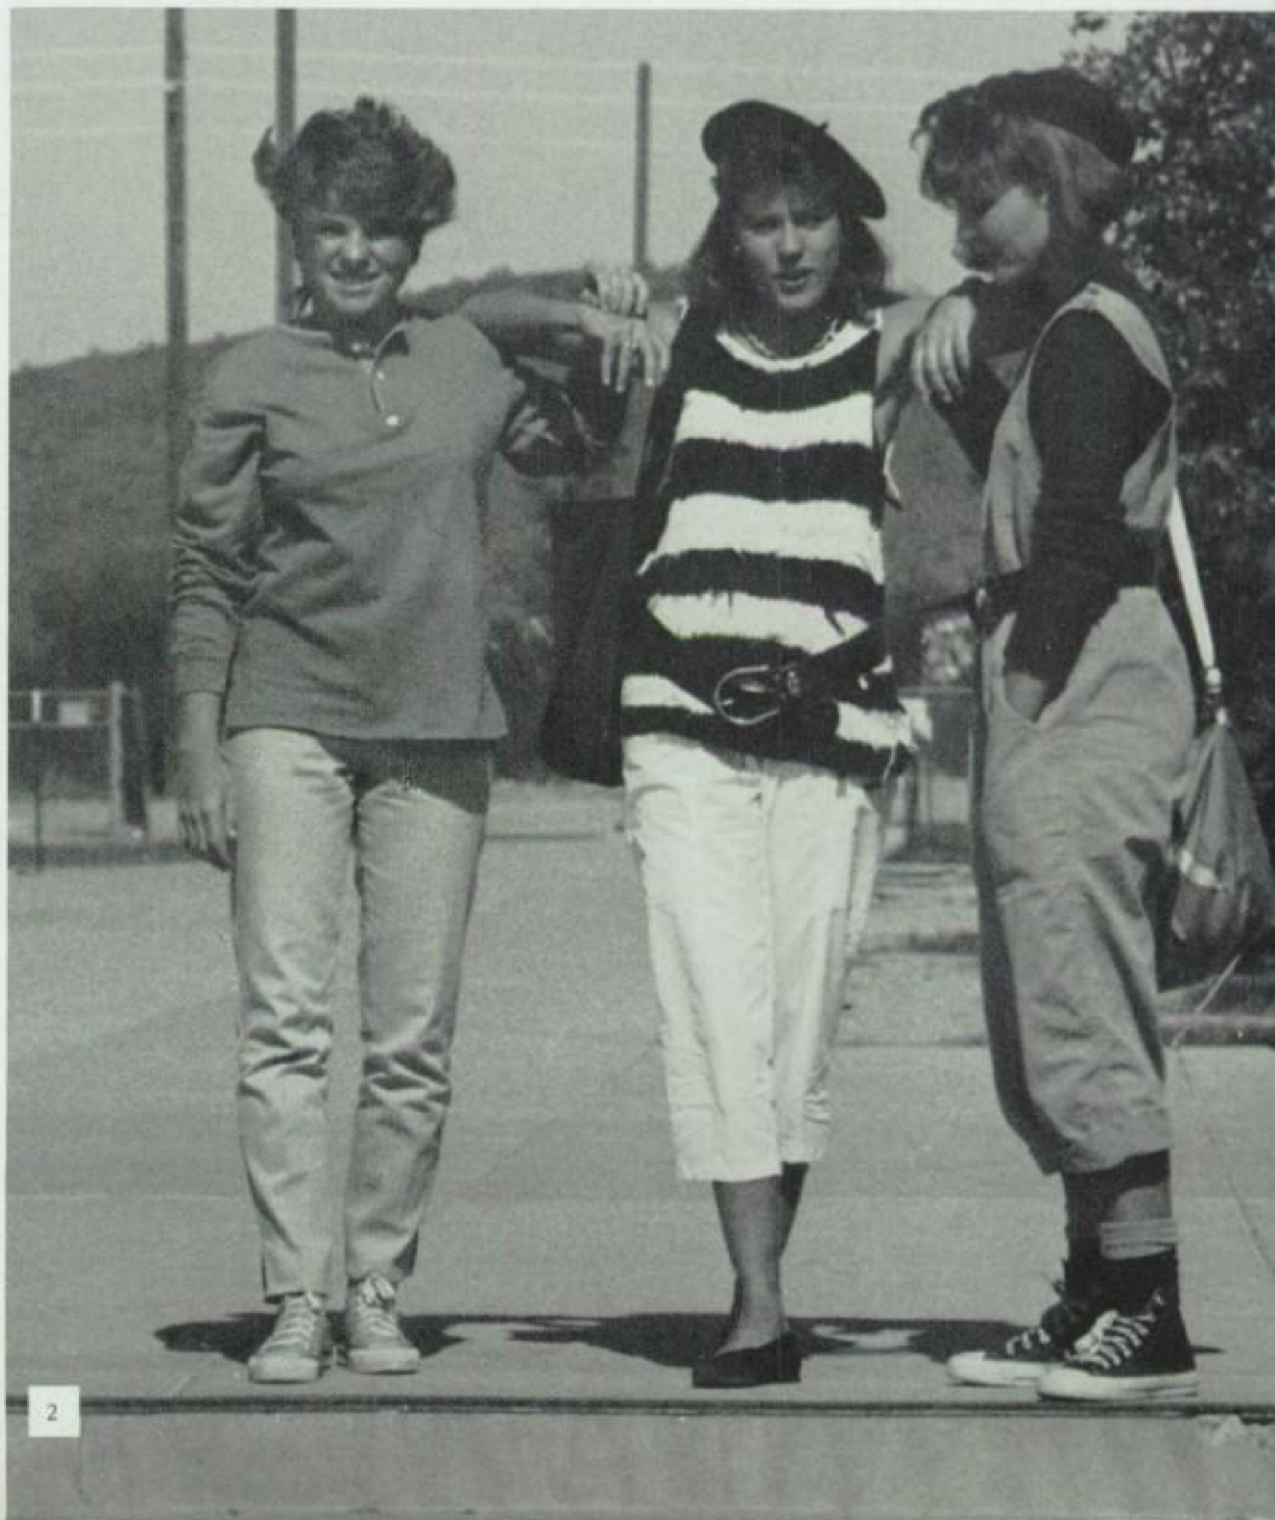

To be or not to be, that was still the question. It wasn't just what was in, it was who. The music, like the shoes and hair, changed with the times. First there was Duran Duran, Boy George and Def Leppard. And then came Maddona, Prince, and Twisted Sister.

Deer Valley, a school of true individualism, stood out from the rest, making our campus one of freedom of choice.

Homecoming '84

HOMECOMING ... a parade of beauty, originality, and of competition.

Each year, Deer Valley High has a contest to build the best float. This year, the competition between classes was steep. Each class gave their all, but like any other contest, there was only one winner. The sophomores took first place with ***Mrs. Cota,*** their sponsor, leading the way.

Homecoming '84 symbolized Deer Valley's spirit, talent, and positive attitude. The royalty was as important to Homecoming as were the floats. The student body elected both male and female attendants from each class to represent them in the Homecoming parade.

The game, the parade, the dance ... Homecoming. A day to be remembered throughout the years.

Seniors Win . . . Again!

Powder Puff Football, a sport that Deer Valley's femmes fatales play each year for the competition, sport, and just fun of it.

This year, like last, the game was rained out, but our fearless coaches and players rescheduled the event for a drier night.

Both teams played hard. The juniors gave it their all, but were overcome by the superior strength and mature determination of the victorious seniors, once again winners of the coveted title of All-Women's Championship Football Team.

Congratulations to both senior and junior teams for a terrific game well played.

Halloween

Question: What was scary, funny, and outrageous? ***Answer:*** Halloween at Deer Valley High!

A classic holiday, participation was widespread and costuming was wild. Gorillas, goblins, geeks, nerds, tourists, ballerinas, genies, and more; all were present on campus on that fateful day.

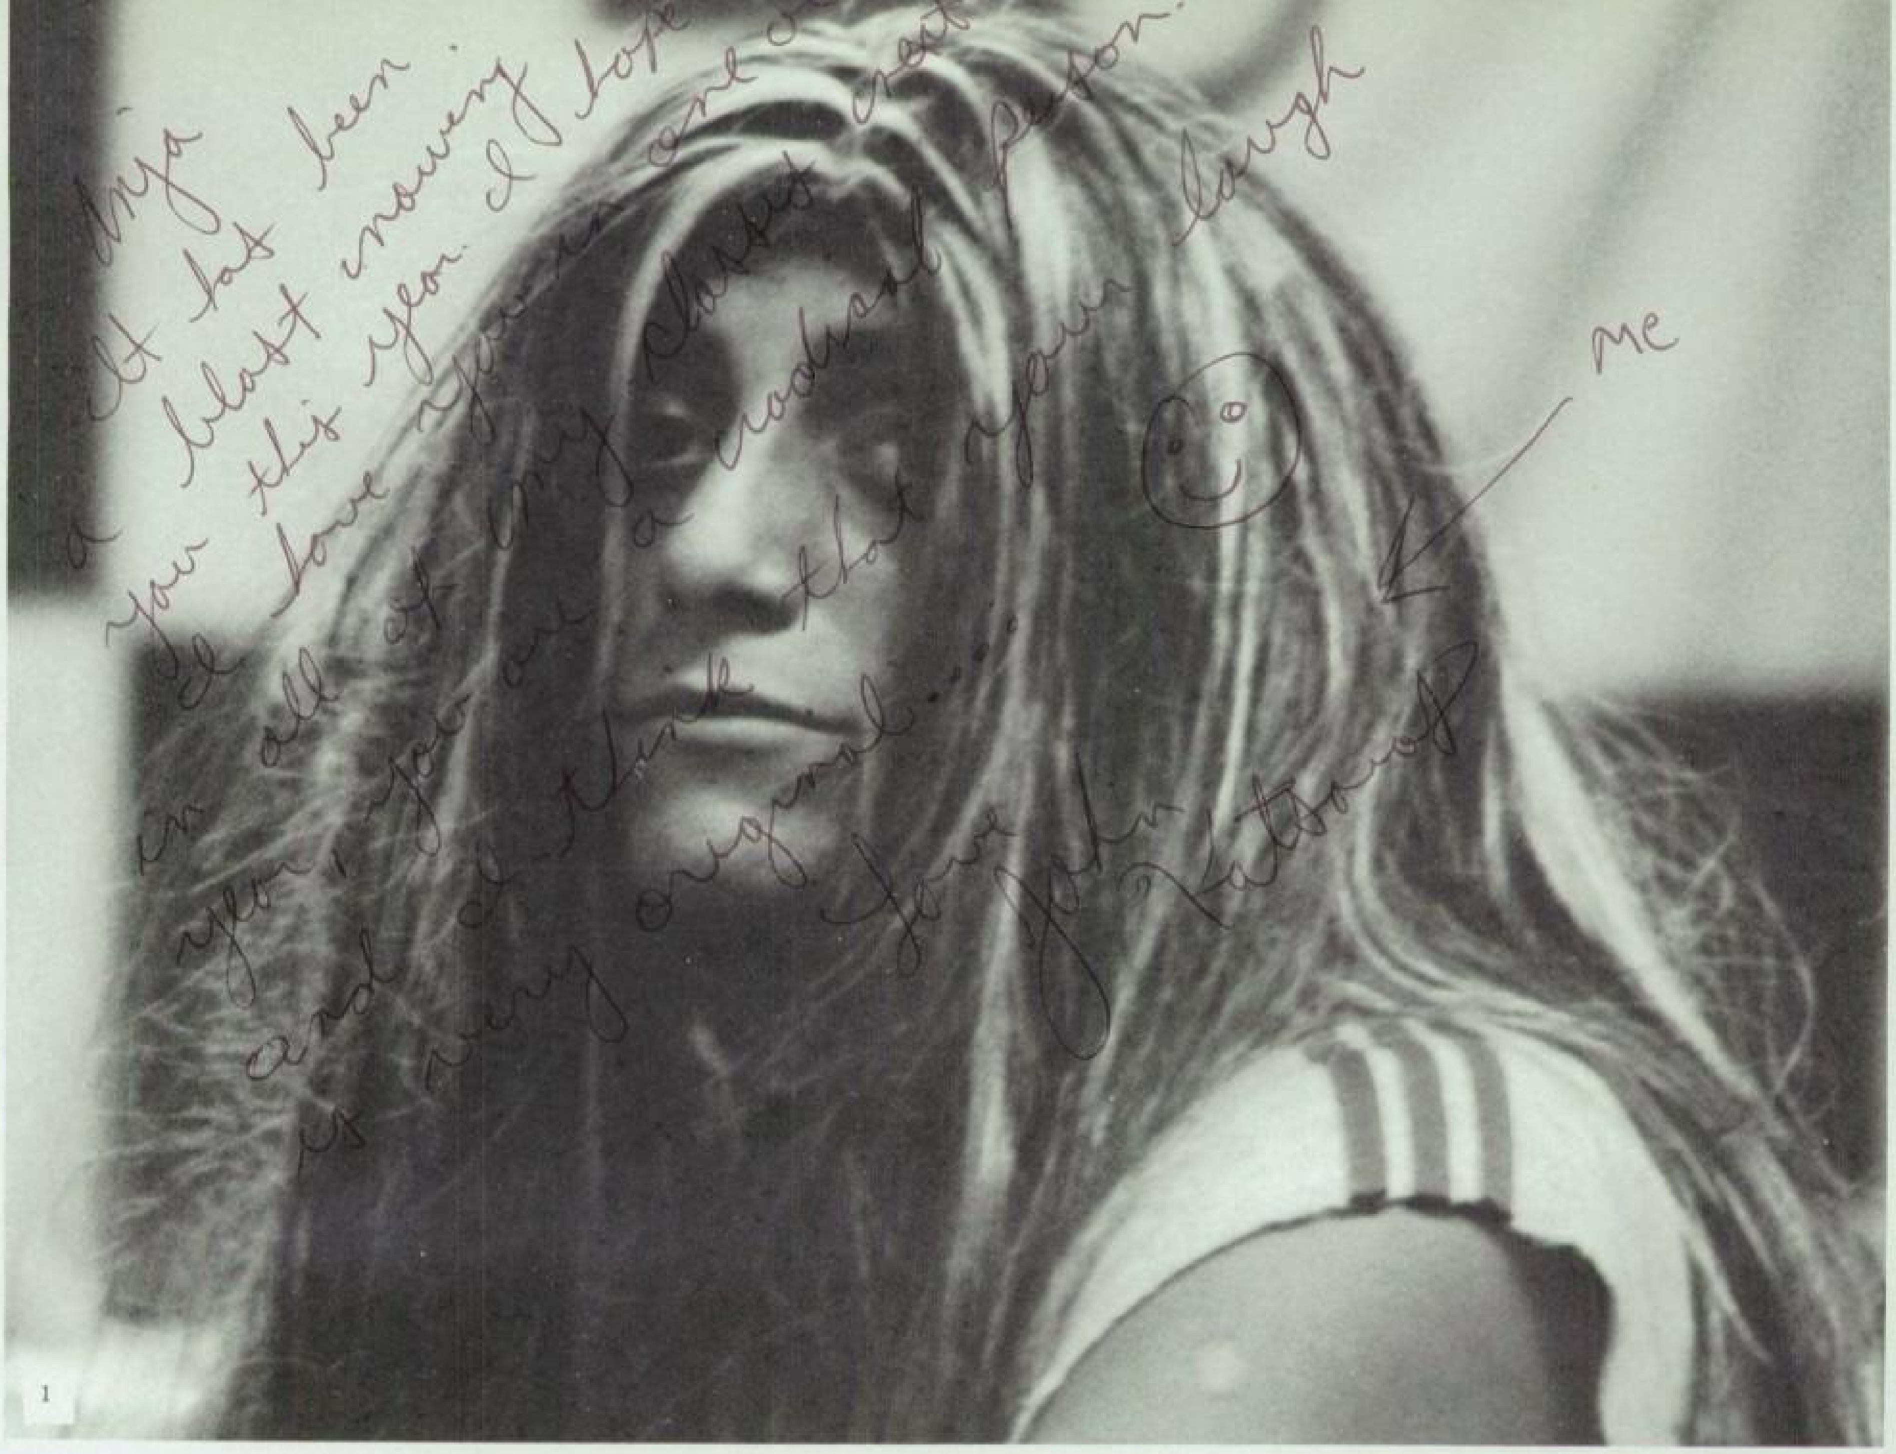

And did our students ever get into the spirit of it all! The gorilla ate bananas for lunch, the ballerinas went to dance class, and the genies . . . well, just use your imagination.

On Halloween night, goblins and ghosts were on the prowl, but at Deer Valley High, we were the scariest, the funniest, and just the most insane, with our Draculas, "Beerwolves," our blood, and our wolfbane!

Skyhawks Capture Division

The 1984-85 Varsity Football Team astounded the valley by becoming the Skyline division co-champions. It wasn't easy. Skyhawks began their season working out everyday in the blistering hot days of summer. They continued by working three hours after school on the field and in the weight rooms. The work paid off as shown at the memorable Moon Valley game.

The Skyhawks blazed a trail straight for the quarter-finals, leaving a string of devastated teams behind. As a result, they were the most successful football team in Deer Valley's history.

The 84-85 season restored pride and spirit to our school as never before. Junior Mario Mangiamele reflected, "It was great to know the whole school was behind us; it gave us that extra edge to win."

Every member of the 84-85 varsity team was a winner, all contributing to an unforgetably successful season.

Football Player Defined

The Deer Valley football player. Just who or what is this elusive creature? I decided it was time to find out. For days, I roamed the crowded halls of our great school, randomly questioning bright-eyed female Skyhawks, asking them to describe the Deer Valley football player.

I received the usual answers, such as "cute," as well as some desperate females gasping their admiration for the "gorgeous," "sexy" players with "massive bodies."

Some expressed themselves differently, such as the Junior who chose the words "awesome beasts."

One Skyhawk summed up her feelings by saying, "It takes a unique person to be a Skyhawk football player, and God knows they're unique!"

They're on the Move

Team practices started in mid-August and went on until late in November with three hour practices every day.

When asked to describe the team, Coach Allen responded, "They're really an excellent group of kids, hard workers with great potential and a winning attitude. When we're prepared, we're tough with a 23-0 win over Brophy, and a 35-0 win over Moon Valley. However, when we're not mentally prepared, we don't perform well such as our loss to Horizon 13-6 in the last minute of the game. This was J.V.'s first loss inthe last two years."

Coach Kafouras stated, "We're proud of the way the guys' attitudes have changed both in the class and on the field. We demand excellence and the kids have responded positively. Our over-all goal was to have the best record in the New Super League Skyline Conference."

The outstanding players for the '84 season were juniors Darrel Clark, and Kayle Thompson, and Nick Portonova, sophomore.

Coach Kafouras credits the team's last two season's success to the varsity program and the great Frosh coaching staff.

"That's why we're the best! We have the best over-all program," exclaimed Coach Kafouras.

Moving Up

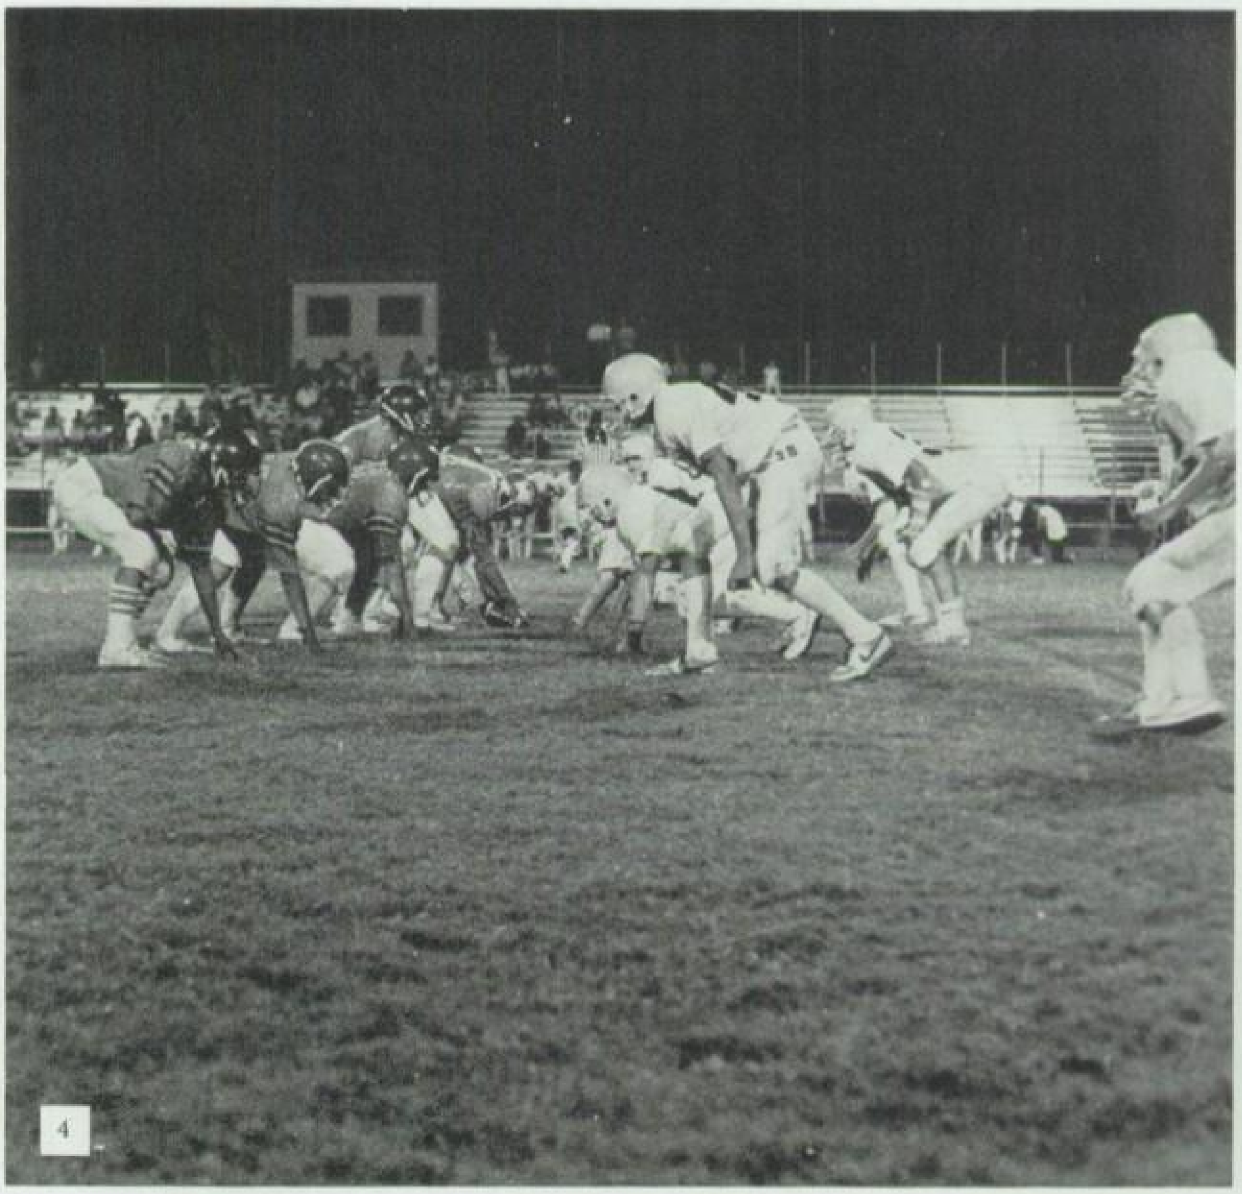

Motivation played a major role this year with our Freshman football team. Coaches ***Swerdfeger, Barnes, Freeze,*** and ***Mollahan*** got the team moving and kept it moving. Mr. Barnes stated that he "enjoyed coaching" and "liked teaching kids new experiences."

The team did a great job at winning. Each individual team member put forth great effort and much time, and now stronger than ever, the Freshman team will lead the Skyhawks to greater victory in the forthcoming years.

Spiritline Sparks Enthusiasm

We've got spirit yes we do, We've got spirit how about you? Deer Valley campus . . . it is one of pride and plenty of spirit.

Our spiritline leads the way. They turn a game into a rowdy uproar event. The captain of our varsity squad is none other than our very own Senior Audie Jordan, and our co-captain is Cheryl Narkiewich.

Our J.V. Spiritline is equally important in making the day of the game exciting to all. The captain of the J.V. squad is Kelly Carroll and the co-captain is Stacy Diebold. Both squads practice before and after school five days a week, making it more than just a practice but a job. They plan the assemblies, they schedule Homecoming Week, they sponsor dances and they give us . . . Spirit! Mrs. Murnane, sponsor, says, "I have high hopes for a great season and a productive year."

Volleyball Hits Divisionals

Winning the Central Division Tournament Championship won't quench the varsity volleyball team's thirst for victory.

"Defensively, we're unsurpassed," said Coach Bill Smith. This year's team had an over-all record of 11-8 with strong technique and teamwork that provided the foundation for the winning season.

Although volleyball is an Olympic sport, it's not as popular as some people would like it to be. JV player Andrea Dietrich commented, "I feel that volleyball is not as popular as it will be in days to come."

Dietrich also feels that the success of the American volleyball team in the 1984 Olympics will eventually help volleyball to become more respected and popular.

The Most Valuable Player for this year's team was head spiker Christine Cook, junior. Other strong players include juniors Marni Gree, Lisa Antijunti, Tracy Fisher, Debbie Cochran and seniors Adela Leos and Barbara Perruccio.

A Hole in One

Deer Valley's 1984-85 Golf team can be praised for their tremendous effort and spirit. Of the twelve members, only the top five played each match. Every week the team had two or three qualifying rounds, and the five best scorers from the rounds played the following match.

The team showed much dedication through three hours of practice each day. Their effort proved fruitful with a season record of 16 wins, 8 losses, and 1 tie. The toughest matches were played against Horizon and Brophy.

Lana Perhacs, the only girl on the team, represented Arizona in the Junior Nationals in Florida, where she placed seventh out of 48. Coach ***Keith Talley*** stated, "I love to play golf and enjoy teaching it. It's a lifetime sport that you can do long after you get out of school."

Cross Country Gains Experience

The varsity cross-country teams finished the year with mixed records; the girls were 14-2 and visited the State Tournament, while the boys were below a .500 percentage in a rebuilding year.

Coach Clyde Tubick was pleased that the girls accepted the challenge of State Tournament action, even though the school is only five years old. The girls finished 12th out of 20 teams. "Considering the fact we're a young school, I'm very pleased with their performance. It was their first time."

The outstanding runners on the team this year were chosen by Tubick and Coach John Irvine. Richard Bloss was named outstanding varsity boys runner and Michelle Beckner was named outstanding varsity girls runner. Collecting the honor for the freshman team were Bobby Antijunti and Jennifer Langford. The most improved runners were Vicki Breese and David Scarfano, and the coaches' award was given to Jim Brown and Lorie Grose.

Tubick feels that the runners improved over the season in that, on the boys' team they had many injuries and illnesses. The girls "came together as a team during the season both physically and mentally," stated Tubick.

Team Splashes to Victory

What does it mean to be a part of the Deer Valley swim team? Many of us do not realize that it means swimming 500-600 yards at each practice. This goes on for five days a week during the season.

Coach Nielsen and the team had great expectations for the season. They looked forward to a state championship because this year's team had a great deal of talent.

That talent was demonstrated in victories against Paradise Valley (125-81), Moon Valley (92-84), Greenway (107-64), Cortez (88-48), Thunderbird (89-82), Central High (114-52), St. Mary's (92-26), and Apollo (103-62). Only two losses dampened the season and the team was proud of its finishing record: 8-2.

"Mean and Ugly"

The 13 members that make up the Varsity Basketball team were chosen for their dedication, willingness to work, loyalty to team members, and of course, their basketball skills. The team practiced hard everyday, and were looking forward to a promising season. "The image I want to create this year is mean and ugly," remarked Head Coach Kindall.

Defense proved to be the strength of the team and was ranked as one of the best in the state. The Varsity team was led by Jerry Thompson, Shawn Smith, Julian Jones, and Jeff Zygmunt. With the combination of hard work and P.A.S.E., all hopes were for a successful season.

Frosh Bounce to Victory

The Freshman Basketball team started off with a promising season. The squad consisted of 17 players, each meeting rigid requirements in order to participate. The team practiced everyday in order to prepare for their challenging games.

The team was coached by Bob Witkowski, who commented, "We have a very well-rounded team whose hard work and dedication has paid off." The Baby Skyhawks completed a successful season filled with spirit and enthusiasm, making Deer Valley proud.

Spiritline Sings Out!

"Two bits, four bits, six bits a dollar; all for basketball, stand up and holler." The gymnasium rang with spirit and enthusiasm as the Skyhawk Spiritline sang out their cheers. The varsity line contained 13 members, captained by Andrea Furman. The JV squad consisted of 6 girls with Sarah Bradley as their captain. These dedicated girls spent many long hours practicing their cheers and dances for games and assemblies. They immensely contributed to the teams' moral by hanging posters and making surprises for the players on game days. The winter spiritlines were sponsored by Ms. N. Salahub.

Soccer Ties Season

What has 27 of Deer Valley's finest athletes and uses skills like insteps and bicycle kicks, under the guidance and leadership of Coach Anderson? Deer Valley's Soccer team.

Soccer is a sport that takes a lot of practice, and a lot of fancy footwork. Our team proved this theory this year by going on to play two more games than last year with the last game a 3 to 1 victory for D.V.

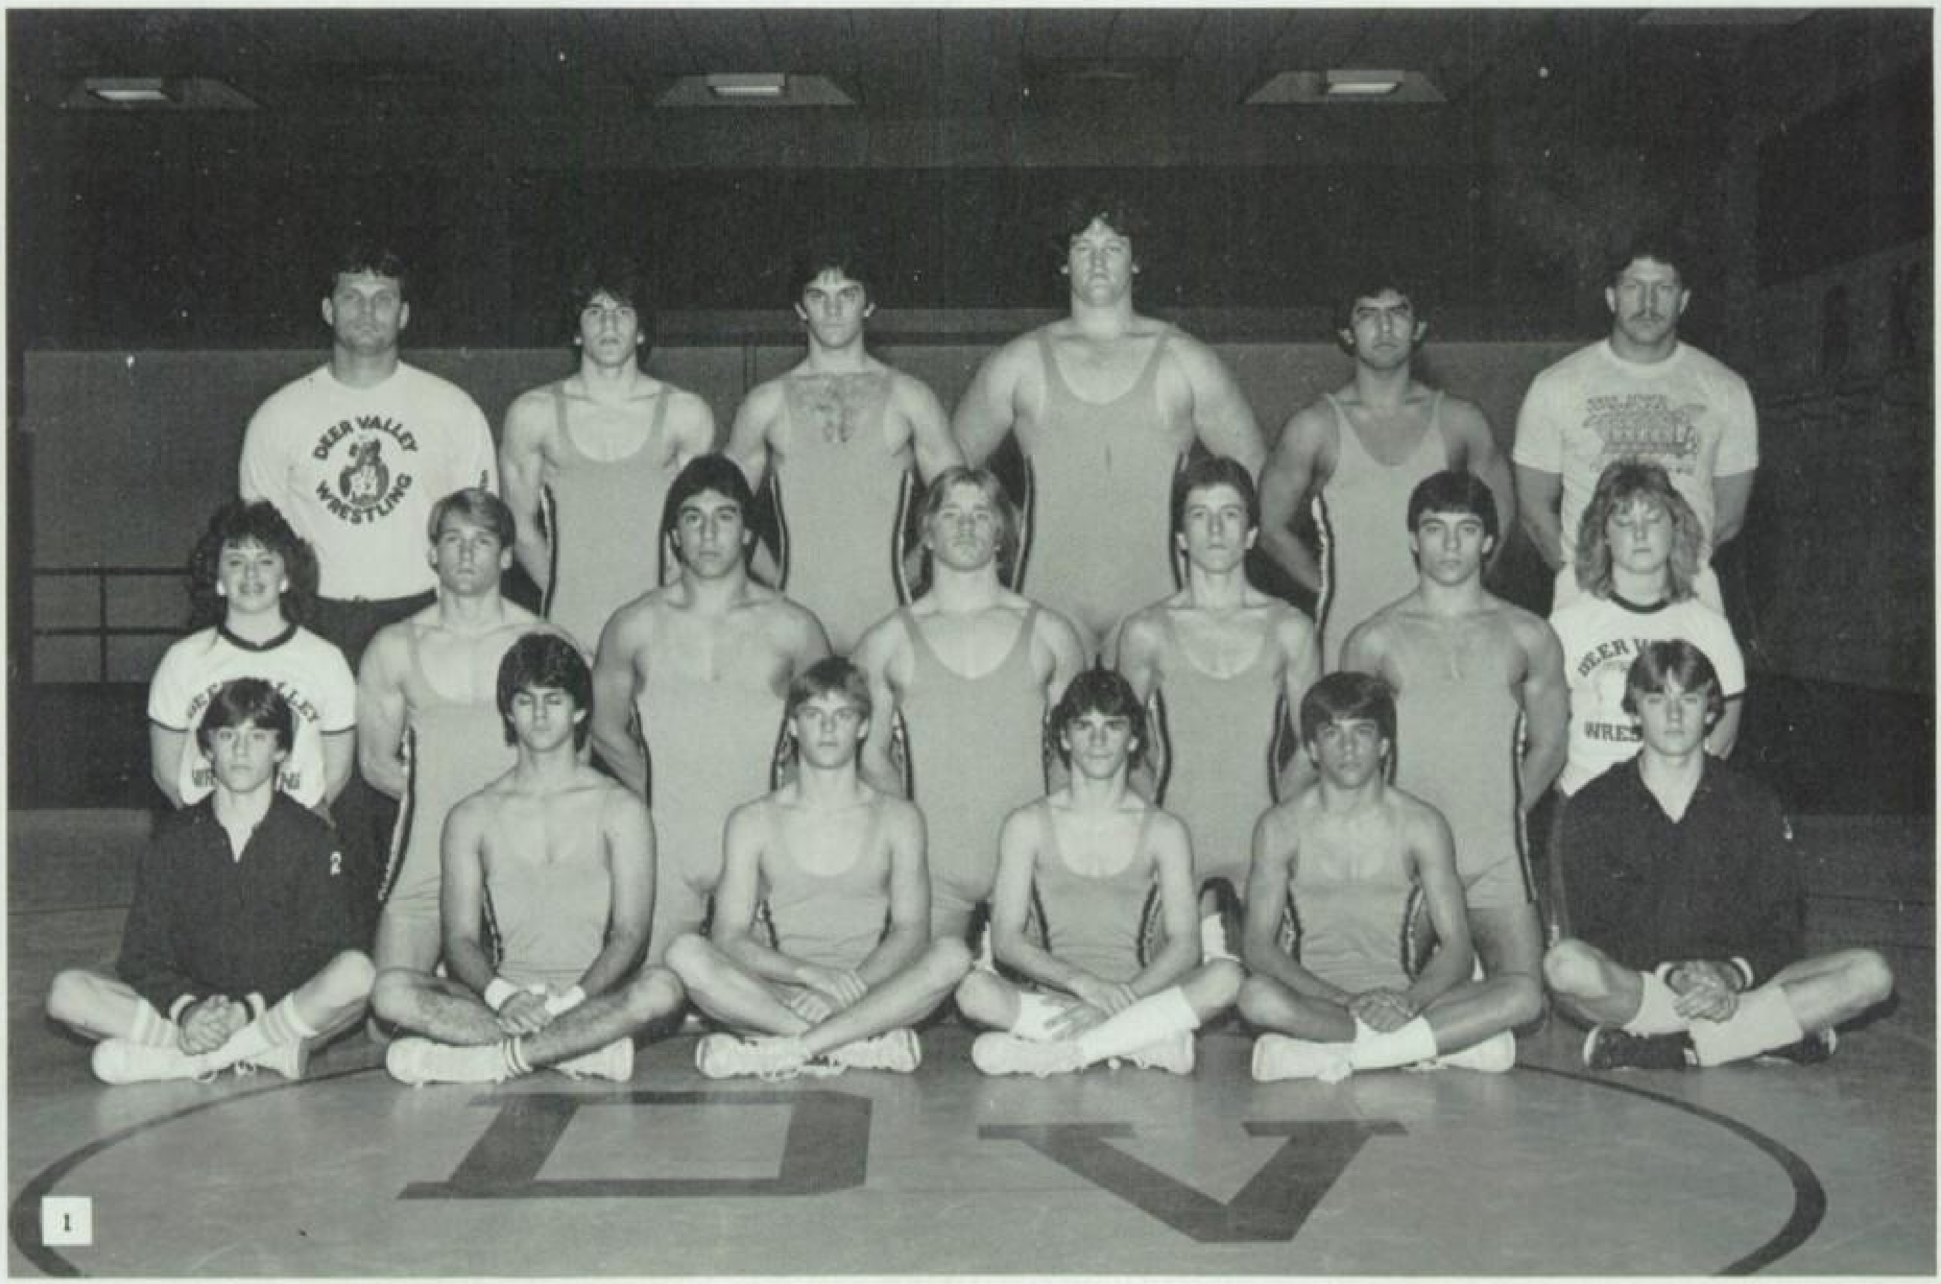

The practices were long and tough. They started in the fall and ended in the cold months of winter from 2:30 to 5:30 every day. Team members worked hard and played hard, bringing to Deer Valley yet another year of pride and spirit. Good job guys, Keep on Kicking!

The Varsity wrestling team finished an outstanding year after consistently great performances throughout the season. With exceptional records set by many individual team members, the team has high hopes for next season. This year's wrestlers brought home championships from both the Chapparal Invitational and the Shadow Mountain Dual Tournament of Champions.

Some of the outstanding seniors and juniors were Chris Swearingen, Jeff Cowan, Mike Bedia, Frank Salvatore, Kale Thompson and Steve Babirak. Congratulations also go to the coaches, Flint Swerdfeger, J.T. McCarthy and Paul Whitson, for leading their team and our school to victory.

2. Freshman Randy Petrie starts on the top in 2nd. period.

Wrestlerettes Cheer on Champions

The 30 girls who made the Wrestlerette squad had a tremendously busy year. They held many exciting fundraisers, including a 15 mile bike-a-thon. The money was used to sponsor a statewide clinic and a trip to Las Vegas. The squad was sponsored by Ms. Magruder and the president was senior Brenda Baldwin. The varsity captain was Bonnie Wray, and the scorers were captained by Tammy Cole and Susan Torres. Tammy commented, "The most exciting part of the season was when our wrestlers went to state; it made it all worth while."

Girls Court Winning Season

1

The Deer Valley Varsity girls basketball team was looking for their second straight Divisional Tournament berth.

Donna Nacy, the senior star player for the lady Skyhawks, said she was excited about this year. "We're young and inexperienced, but by the end of the year, we'll be better," she promised.

Nacy, said that the Skyhawks would be steadily improving throughout this year, "Give us time and we will get better," she stated. "We have a lot of heart and after the first month, we will be tough," explained senior Kerri Mahar. "Everyone is willing to put all their strength and determination into every game."

The best talent on the team includes Nacy Mahar, senior Stephanie Yalung, sophomore Cory Darnell and sophomore Wendy Jones.

'84 Track '85

The Deer Valley track squad had a running start even though a flu epidemic slowed down practices earlier in the year.

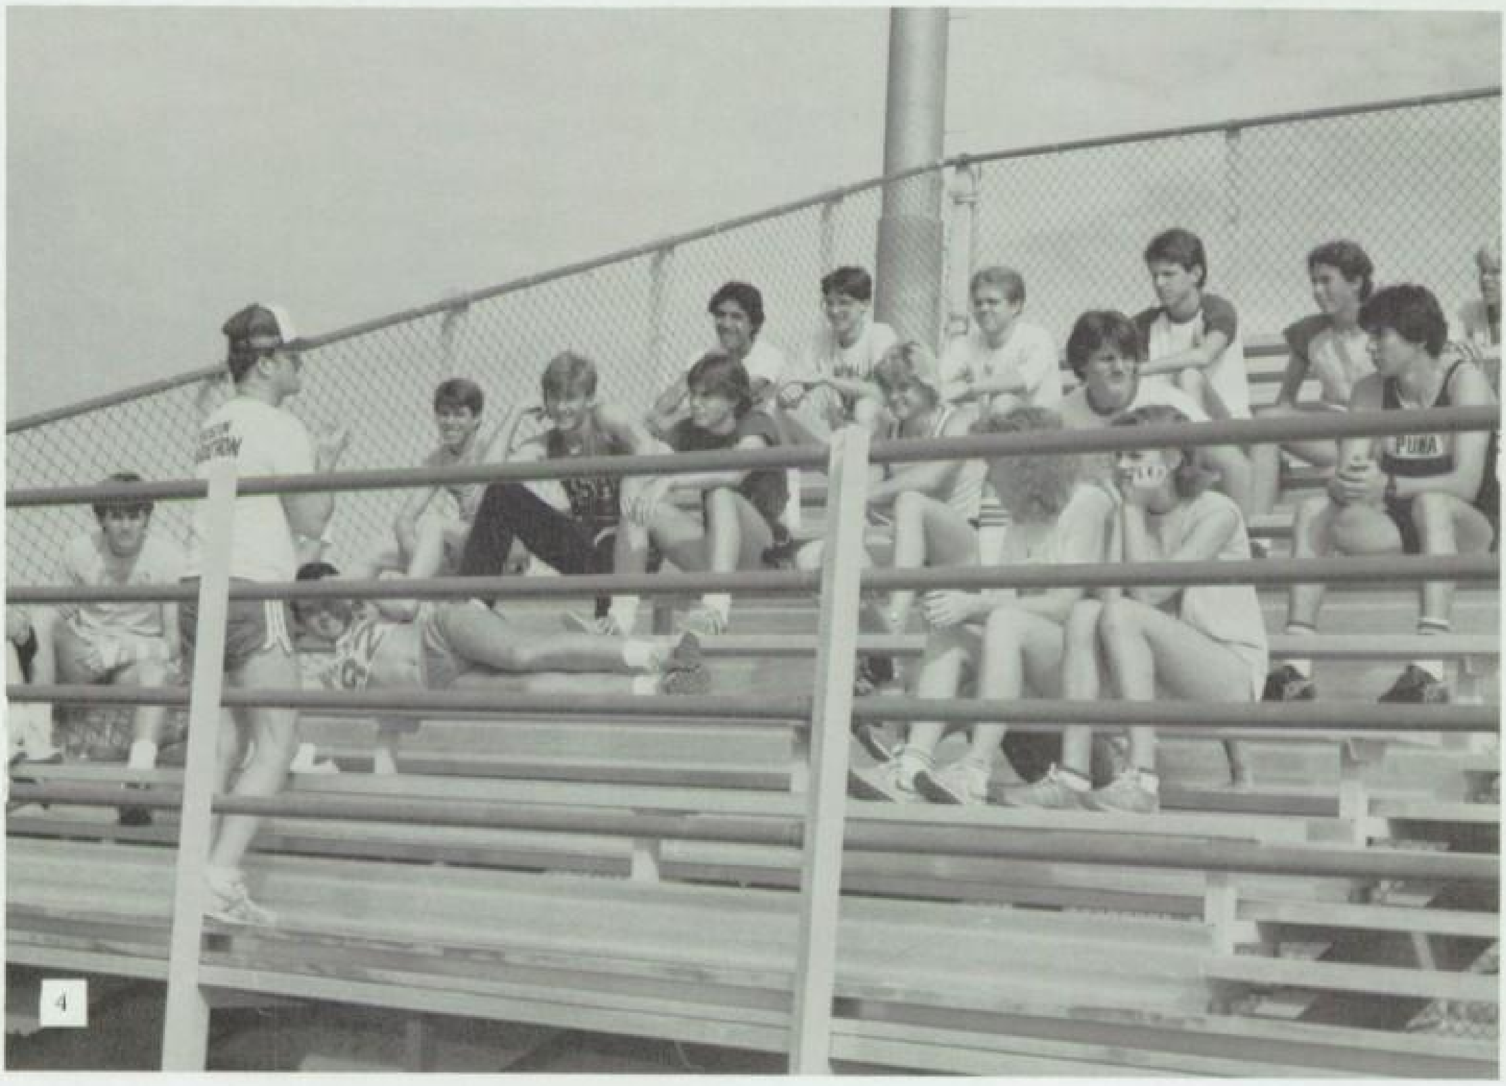

"We had several returning athletes with division and state meet experience," stated coach Mike Forrest. "This is probably the best group of returning athletes we've ever had and team members have high expectations for the year both individually and for the team," he said before the season began.

Outstanding seniors on this year's team included David Mathis, Randy Kellerman, Lisa Denneny and Jeanette Gillespie.

1. Greg Faires leading the pack as an afternoon track practice progresses.
2. Cindy Lemons, Heather McVicker, and Kelly Herrington get warmed up before they start their workout.
3. Coach Ulrich-Suss demonstrates the shot-put to Lisa Antijunti.
4. Coach Tubick gives an instructional talk to his track team members. Track members include seniors David Mathis, Bill Doolin, Ti Morse, Eddie Inscho, Joe Smith and juniors Steve Coughlin, Kirk DeWitt, Don Helmes, Jim Maestri, Kevin Holloway, Mark Drosos, Richard Bloss, Kyle Thompson, John Caruth, John Kinger, Tim Smith and Jim Brown.

Sluggers Hit Home

Abundant optimism surrounded Mike Cornish, head coach for the Deer Valley varsity baseball team, as he started to pilot his Skyhawks to a possible tournament berth.

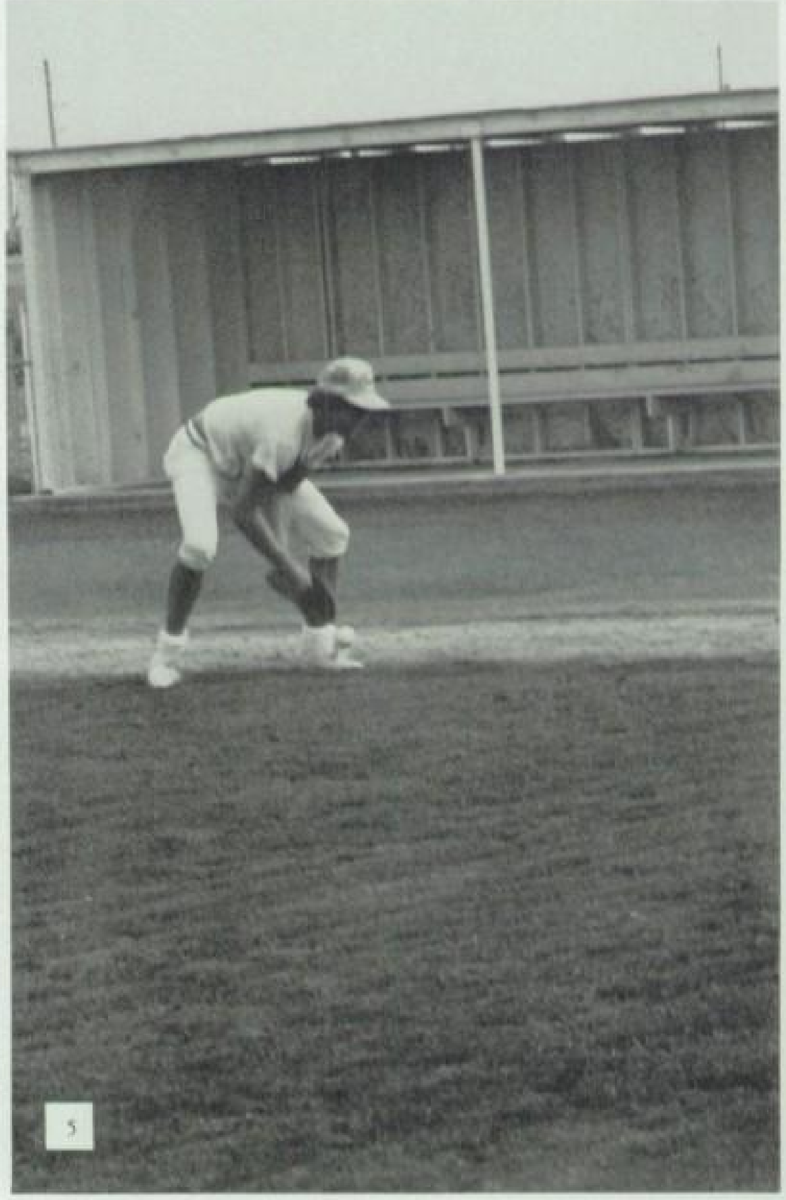

"If the pitching holds up, we'll go far," he said before the season started. Pitching was the main concern for the Skyhawks. Pitchers for Deer Valley this year were seniors Mark Zellman, Peter Stevens, Ed Labarbera and sophomores Bryan Cooper and Robert Ferguson.

A spot Cornish was not concerned with was hitting because the Skyhawks had some of the best hitters in the state. The sluggers were led by seniors John Bayus and Kirk Sanich. Other great hitters included seniors Jerry Backos, Chris Furey, Jeff Zygmunt, Brian Lee, Jerry Thompson, Andy Walters, and Dave Taylor.

Junior Varsity and freshman baseball teams wound up a spring season that was filled with practice and promise.

During the '84 season the junior Skyhawks, led by Larry Eubanks, posted a superb 15-1 record. The youngest Skyhawks, coached by Vince Marchese and Jim Allen, also concluded with a spectacular record of 13-3.

Varsity coach Mike Cornish believes there is a bright future for Deer Valley baseball. "We have quite a few good pitchers coming up, and I'm not worried about the hitting on each team. I feel it will be many years before Deer Valley will have a weak baseball team."

Softball Runs Home

Defense led the way for this year's softball teams. The girls showed outstanding outfield and the catching was strong. The teams had to play really hard this year since they were in a new division. All of the team's players showed excellent talent during the season.

Coach Ingram, the JV coach, felt that the team had a good attitude and desire. This led them to the many wins. The varsity team went from a losing streak to a tremendous winning streak. The exertion of the 1984-85 girls softball teams produced a spirit of cooperation and team work that provided an admirable unity for the season.

A Smashing Success

The boys' tennis team, driven by determination, had a successful year. These energetic students faithfully practiced every day after school until 4:40. Their dedication to the team and their teammates proved to be the strong point of the season. The tennis team is a fairly new team which gains valuable experience with each match they play. This year's team was coached by Mr. Jim Hepting.

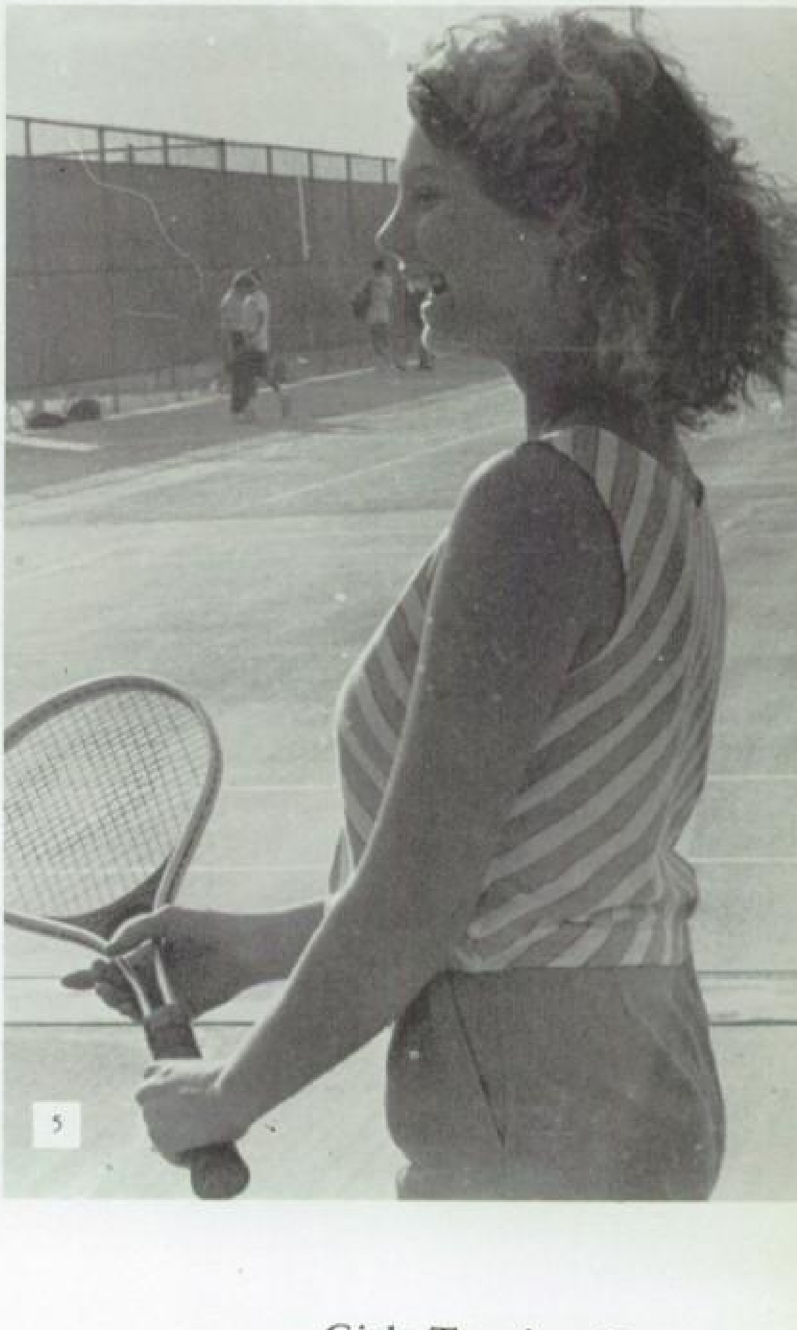

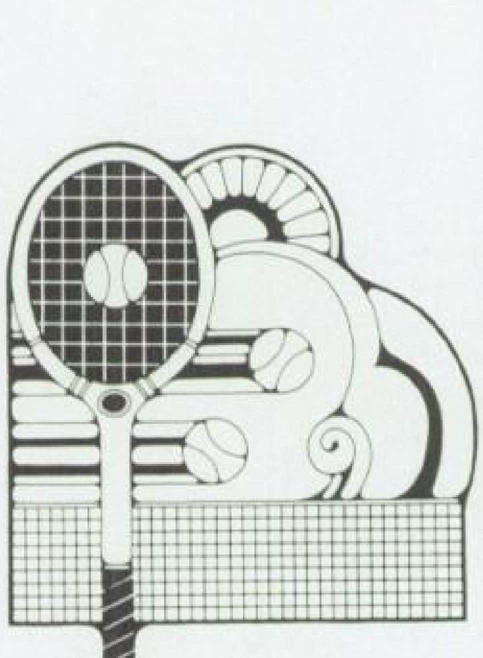

Girls Tennis Swings into Action

The girls' tennis team did a complete turnaround for the better this season under the leadership of Coach Mark Nielsen. Practices were tough — conditioning and improvement drills were stressed. Many challenge games were required throughout the season with the varsity and junior varsity players often switching positions. They took their hard work and determination to the courts which resulted in a successful season with each girl reaching her personal best.

Choice of English Courses Appeals to Individual Talents

Verbs, pronouns, adjectives and adverbs! There's more English than just grammar! English is fun; just ask any English teacher!

The largest department on campus offers a wide variety of courses ranging from the required levels of English to such individualized courses as Sematics 1-2 and all levels of journalism.

Emphasis on the essential skills of reading, writing, speaking and listening is combined with the development of a deep appreciation of classic and modern literature.

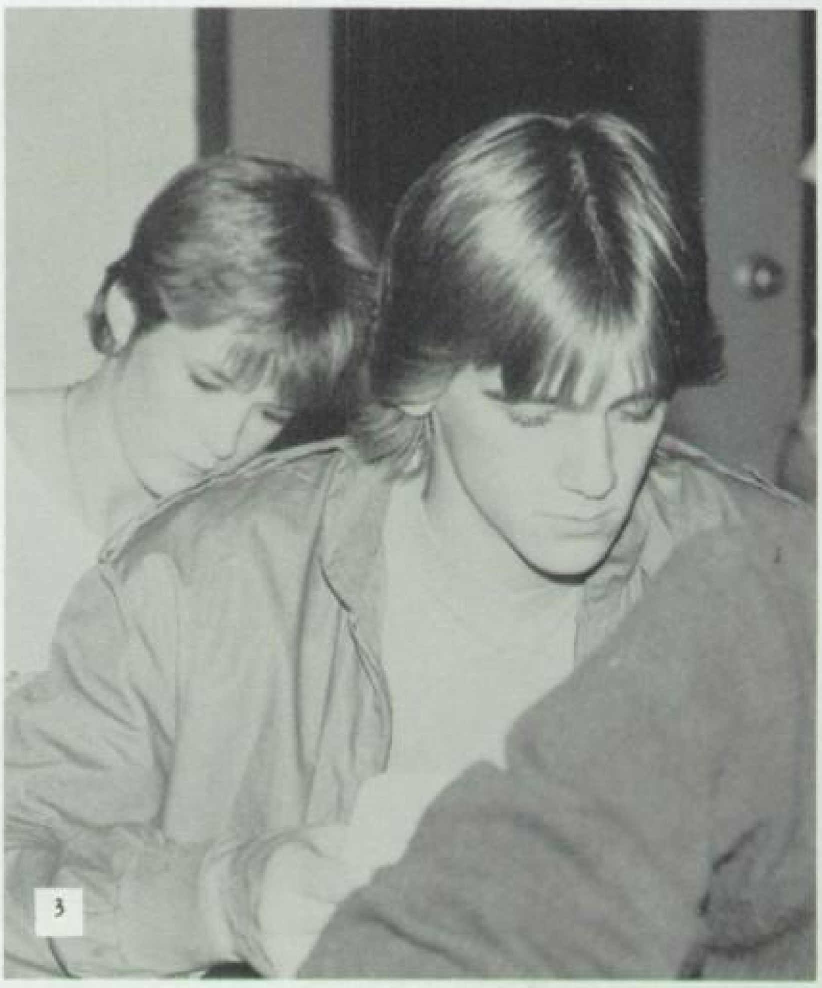

Audio-visual materials and guest speakers complement a strong curriculum which has been constructed to help the individual learner achieve his maximum potential.

5. Chris McCorkle compares notes with his classmate.

6. David Mitchell takes a break during a very interesting lecture.

History Provides 'Happy Days'

Mrs. Peck, along with numerous other teachers in the history department, finds her job both a challenge and a reward.

The history classes seem to be a little overcrowded this year, due to the large enrollment of students. This change has not affected the teaching abilities of the history teachers; they can handle the teaching. It's the patience that they run out of. As a whole, history has been listed among one of the most informative academic classes the school has to offer with some of the best teachers in the school.

Adding It Up!

Have you ever had a problem like wbs x(pyt + dcki) + yuo x (qt + avdc) -egf +zxv = u + rn, which caused you to throw your arms up in hopeless and say, "I'll never learn this?" Any of the math teachers would have been willing to help you solve your problem, but if you were looking for that certain person who would show you how to work out your kinks, Mrs. Anne Columbo is the answer. She is always willing to help any person who happen to walk in with a book and pencil in hand.

1. Mrs. Anne Columbo explains to her algebra class the assignment of the day.
2. Mike Murphy puts his thoughts together to figure out an algebra problem.
3. Mike Murphy hurries to finish his homework.
4. This geometry class tries to concentrate on their daily work.

Yearbook Offers Gift of Treasured Memories

The production of the 1984-85 Soaring was both a struggle and a reward for the 12 students on the yearbook staff. Under the guidance and leadership of a brave lady Miss Houpt, we managed to produce the well-organized finished product that you now hold in your hands. We feel that what was established as an impossible task was completed with outstanding results.

Both Sarah Bradley and Joe Tokar (with the help of Ms. Houpt) gave an unexperienced crew a crash course in the "making of a yearbook."

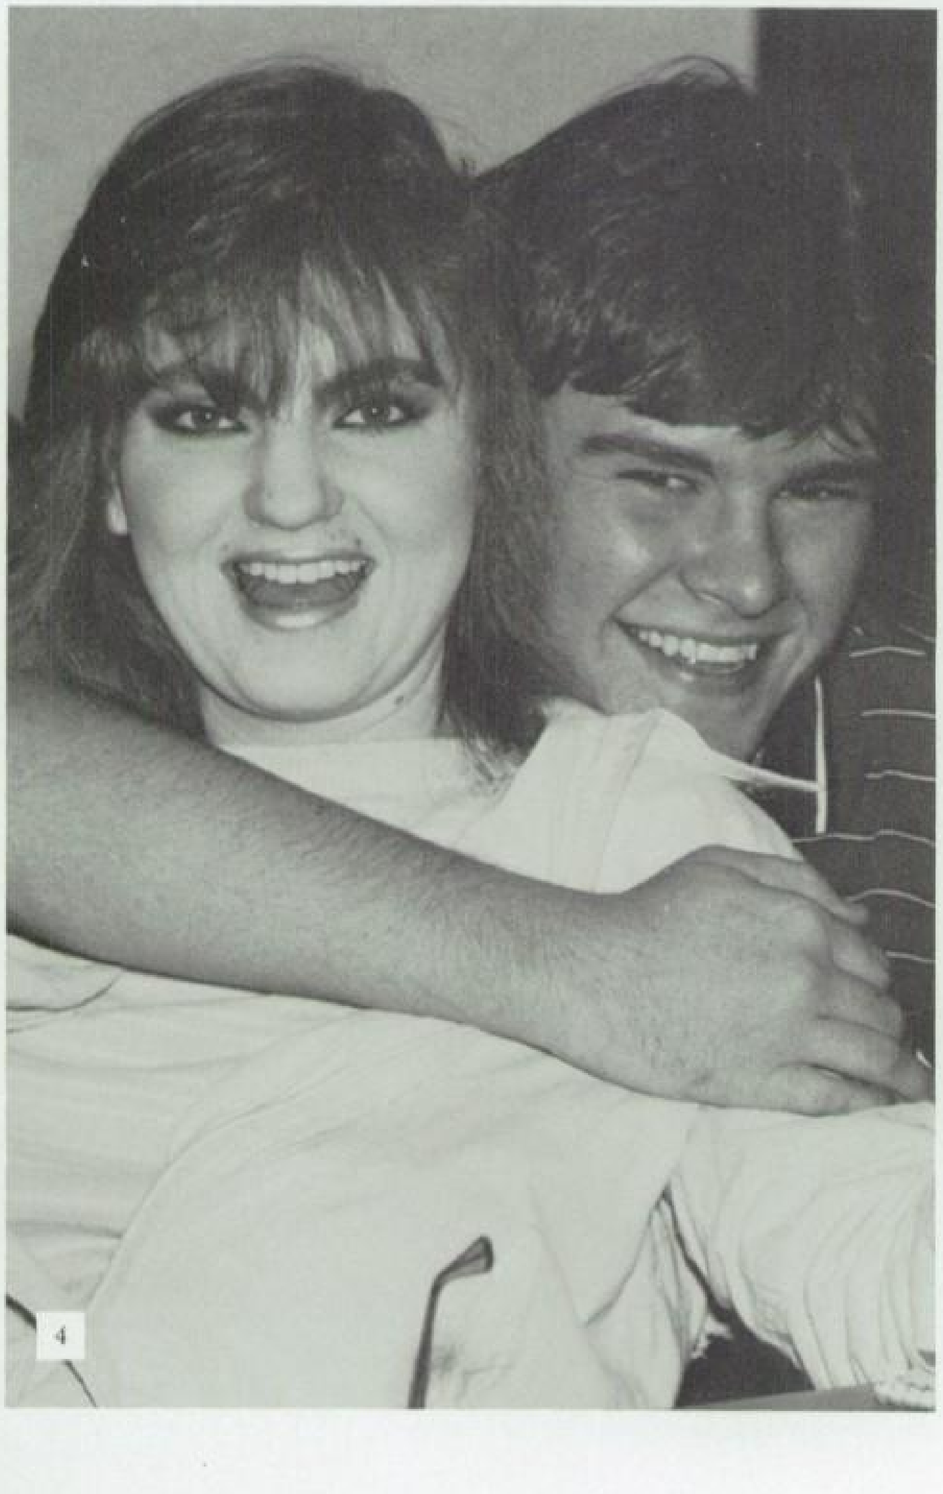

The staff was divided into sections; sports, activities, student life, seniors and underclassmen and the magazine. The staff struggled to get the pages to the publisher on time, and the seniors hurried to get the color glossies to the staff by the late December deadline.

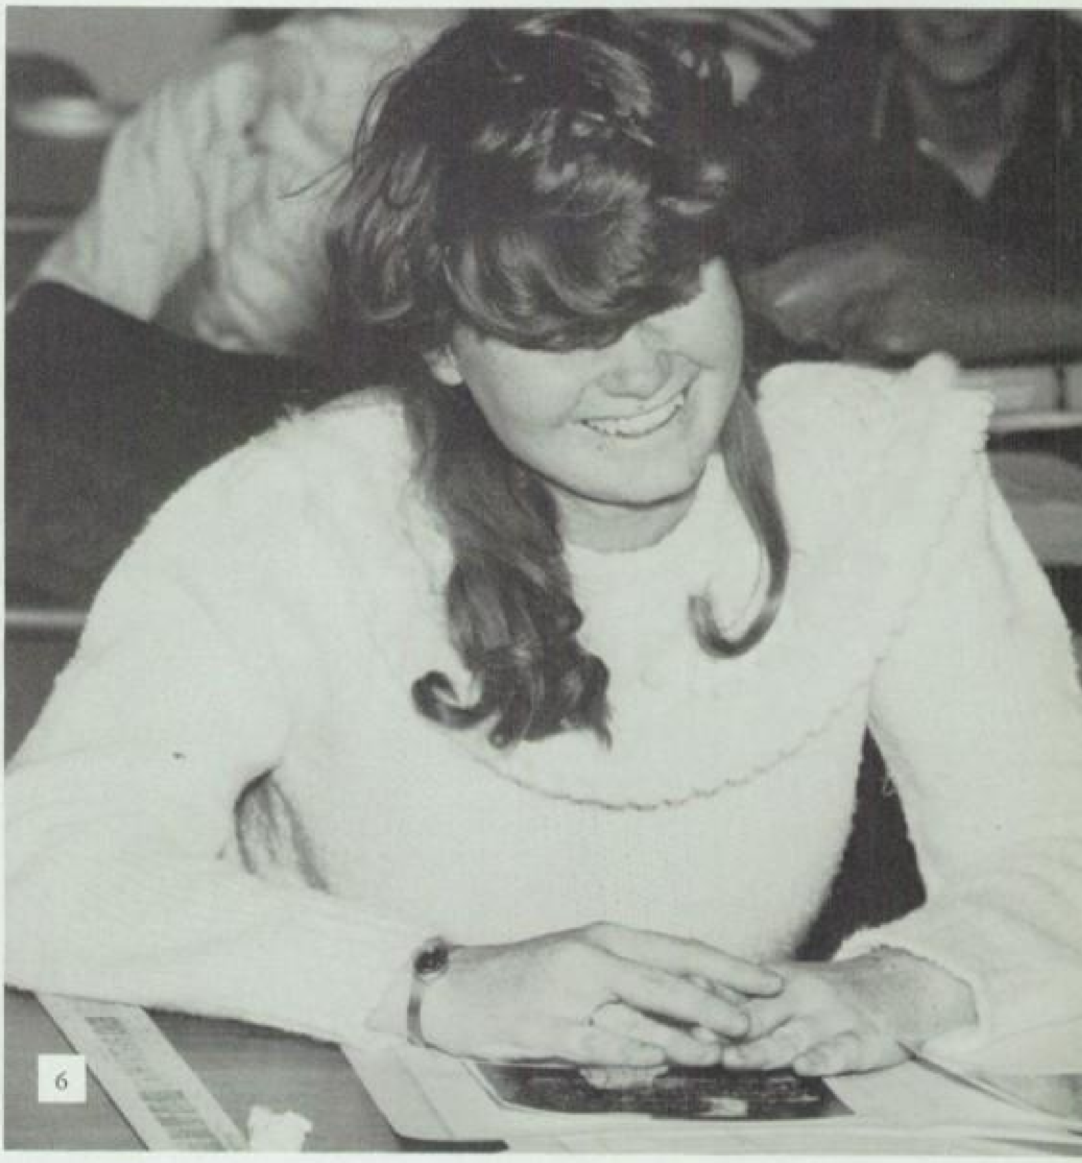

The end result, a finished product we can all be proud of, is a just reward for both the staff and all of you.

1. The Yearbook Staff taking a rest from the demanding chores of yearbook. 2. Mark Malin and Pam Johnson decide on what their next assignment will be. 3. Sarah Bradley and Nikkie Carrol are hard at work.

5. Jan Johnson and Sarah Bradley decide on what style they should use. 6. Tammy Cole gives a smile of relief, having met her deadline. 4. Jamie Turney and Doug Kowski sit back and celebrate having completed their layouts.

Flight Continues Fine Tradition

Going strong in its fifth year of publication, the Skyhawk Flight has continued to serve as one of the finest school papers in the state. Under the guidance of Diane Houpt, adviser, and Michelle Cleland, editor-in-chief, the 1984-85 Flight included expanded coverage of campus and community life. Staff members attended the Arizona Interscholastic Press Association Spring Convention in Yuma, Arizona, where they had the opportunity to meet and compete with other newspaper students from around the state.

The Skyhawk Flight is a member of the Journalism Education Association, the Columbia Scholastic Press Association, the Arizona Interscholastic Press Association, and the Quill and Scroll Honor Society. All writing, editing, photography, layout, and advertising responsibilities are assumed by student staff members.

Physical Education Encourages Awareness

Nutrition and fitness are primary concerns of the P.E. Department. Students are encouraged to develop an awareness of the body's function as a life time partner. Athletics, exercise, dancing, aerobics and calisthenics are all offered on campus. Individual tastes and abilities are developed through a wide variety of on-going programs.

1. Rick Winget, finishing a game of racquetball.
2. Volleyball is a big hit for these girls.

Science is a Lifetime Experience

As apart of Deer Valley academic world the science curriculum offers students an opportunity to explore many career opportunities.

Our Future

Many business classes are offered at Deer Valley. Some of these are Computers, Word Processing, Shorthand, and Accounting. They are made to prepare students for the business world and business careers.

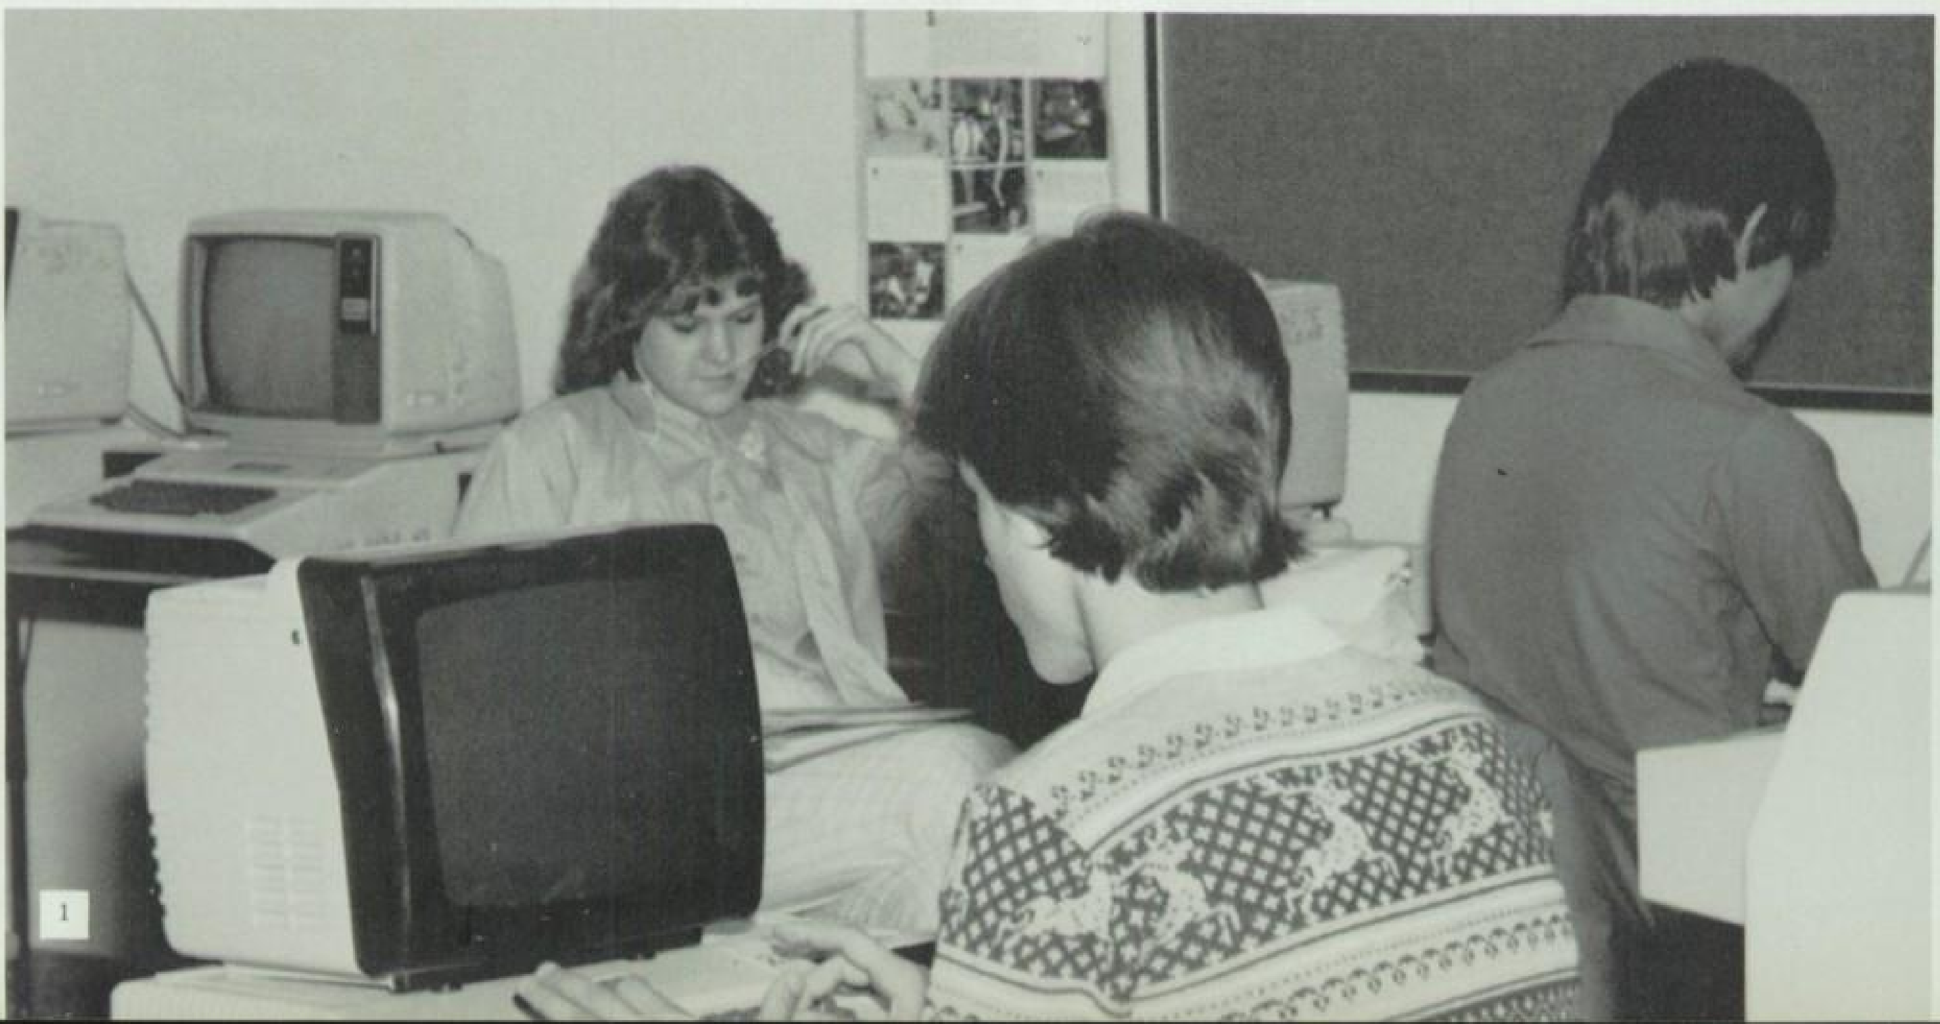

Forty-five percent of DV's students are in a business-related class. "Business classes are challenging and a lot of fun," commented one student. In the future years we will be the successful men and women leading the business and corporations of the states.

Reading Improves Skills

Concern for the individual's ability and improvement of reading comprehension and speed are a primary focus of the Deer Valley Reading Department.

An example of theory applied to a practical situation is the College Prep Study Skills class. This class is open to juniors and seniors who may wish to refine their ability to take notes and read in a discriminating manner.

Students from all grade levels have the opportunity to select from a diverse variety of reading programs. Supplementary material is used to appeal to all levels of interest.

Cooking Their Way to Success

The Home Economics department provides people with an experience that they can use all of their life. To add to the total experience, the department offers two unusual classes — Child Development and Singles Survival. The Child Development program allows students to run a pre-school and to plan activities for youngsters aged two to four.

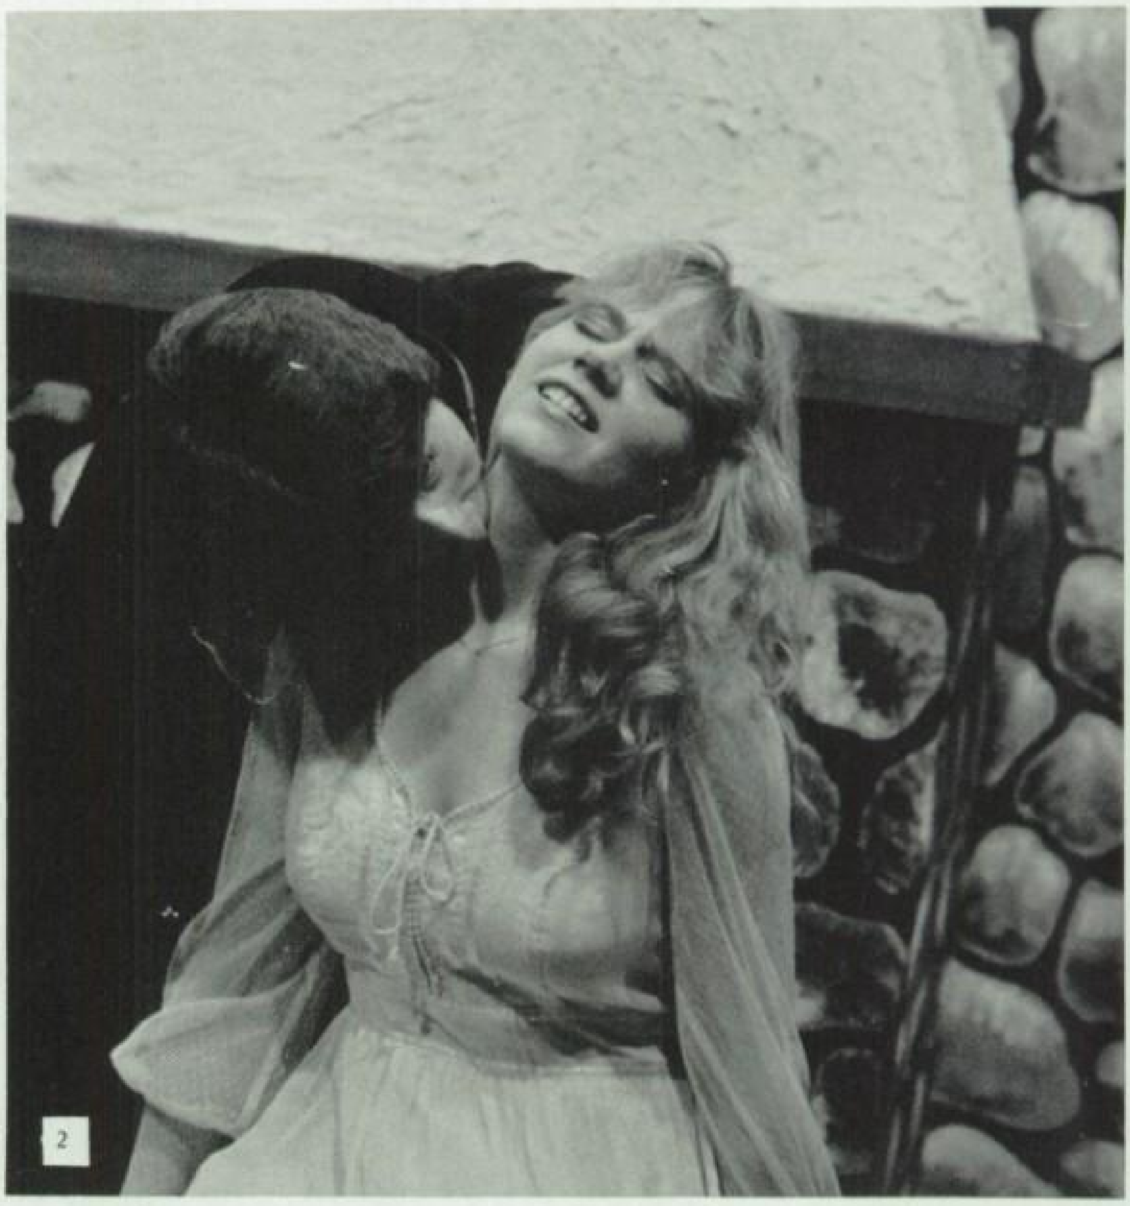

An excellent staff and a wide variety of classes are the main reasons for the popularity of home economics.

'Dracula' Sets the Mood

The senior play included juniors and sophomores due to the lack of senior boys trying out. ***Dracula*** was a play of sheer bloodcurdling screams, ghouly characters and determined scientists set in the 1800's.

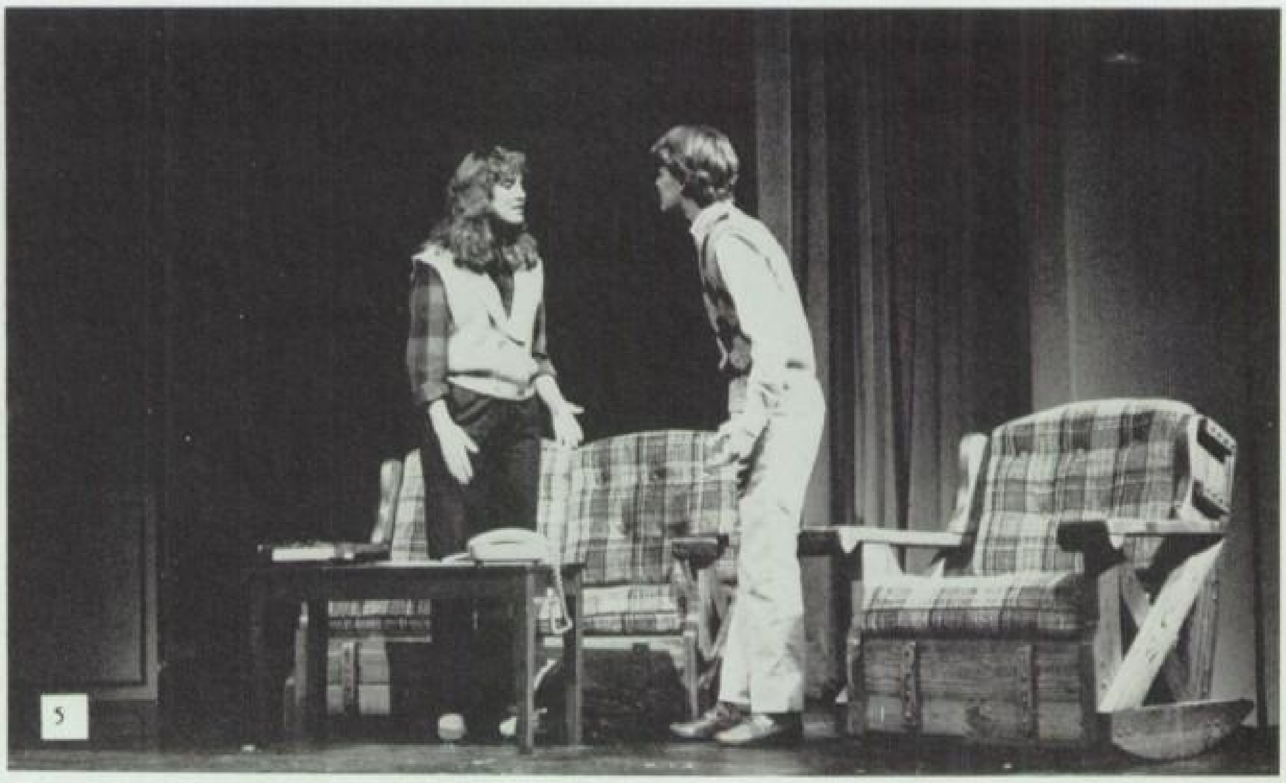

The play, starring Dave Garman as Dracula and Amy Andrews as his leading lady Lucy, was just enough to have Deer Valley's student body sitting on the edge of their seats. The play with its bloody scenes and fiery effects was produced under the direction of Miss Barbara Surloff, head of Performing Arts.

They're All 'Champs'!

Champ — Careers in Health And Medical Professions is an innovative science course offered at Deer Valley. Students taking this 2-hour class are preparing themselves for a prosperous future. They attend class and work with technically advanced equipment three days a week. The other days are spent gaining valuable "on the job" experience by working at a local hospital. Champ is a challenging class designed for those who really want to learn. Mrs. Marshall sums it up by saying, "Anyone who belongs to this class has to be a CHAMP!"

The Arizona 802nd. Air Force Junior Reserve Officer Training Corp. is one of six squadrons in the state and 285 in the country. The curriculum for aerospace science classes is divided into five themes: Aviation, National Defense, Careers, Space and Leadership Education. The cadets can earn their school letter through these services. Also, they sponsor fundraisers and take field trips throughout the year.

Uniforms, furnished by the Air Force at no charge to the students, are required to be worn once a week for inspection.

No military obligations are attached to taking the course, but should the student elect to join any service, they are highly recommended for college funds and scholarships upon completion of the program. The scholarships to colleges include tuition and books plus $100 dollars a month and they offer advanced placement in the military. The overall goal of ROTC is to make the public aware of the organization and its purpose.

After five years of changing sponsors and procedures, Deer Valley's student government has set down some firm roots. Tradition and open lines of communication with the student body were stressed. Government was kept extremely busy by organizing and completing projects for school improvment. Student government was sponsored by Ms. Daggett. "Next year should be jammin,' sorry I'll miss it," said Shelby Smith, student body president.

Band + Flag = Superior Harmony

The Deer Valley Skyhawk Marching Band has a total of 130 members which include a Flag Line of 28 girls. The band director is Ron Dickson; drum majors are Todd West and Cindy Nowlin. Captain Lundstrom headed Flag Line with LaDonna Bruce and Michelle Thiel serving as co-captains.

The season started off early in July when nine of the flag girls went to a flag camp at Saguaro High School where, on the first day, they were awarded Outstanding Home Routine. They learned and practiced several routines and, on the last day, performed one for competition. They were awarded the Grand Master Award for over-all best performance.

From there, the Deer Valley Marching Band took off with performances at football and basketball games and at many pep assemblies. They also took a visit to the Arizona State Fair where they performed for many by-standers.

The band and flag put in many hours of practice before school and they held several night rehearsals to prepare for NAU and ASU Band Days and the Arizona State Marching Band Festival.

Over-all, the Deer Valley Marching Band received two 'Superior' ratings and an 'Excellent' rating. The band and flag also went to San Diego to attend the World of Music Festival where they performed together for the last time this year.

District Seeks Excellence

2

The Deer Valley District's theme for the 1984-85 school year was "Strive for Excellence." The Governing Board and the district administration set goals for all members of the school community from the individual school administrators to the students.

Equipping young people for a happy and productive future through the Deer Valley School System is what "Striving for Excellence" is all about. Two of this year's goals were to develop administrators' skills as instructional leaders and to improve data processing skills for all members of the district's staff.

Many of the district's goals were fulfilled during the current school year. It is hoped that the attainment of all goals will come about as the district continues to strive for excellence.

1. District Board (l. to r.): Kim Foutz, Arlene Duston, President Bill Wharton, Mary Lees, Jim Stoll
2. Dr. Ed Sims, Superintendent of Schools
3. District Secretaries (l. to r.): Ramona Reid, Maxine Milazzo, Irene Dille, Ruth Goettl, Dama Rather, Eileen Waldron, Nancy Schwander
4. Assistant Superintendents: Dr. Keith McSpadden, Dr. Don Combrink, Jody Leinenwever, Tom Boone, Bob Jones (principal on assignment)

Principal Leads Winning Team

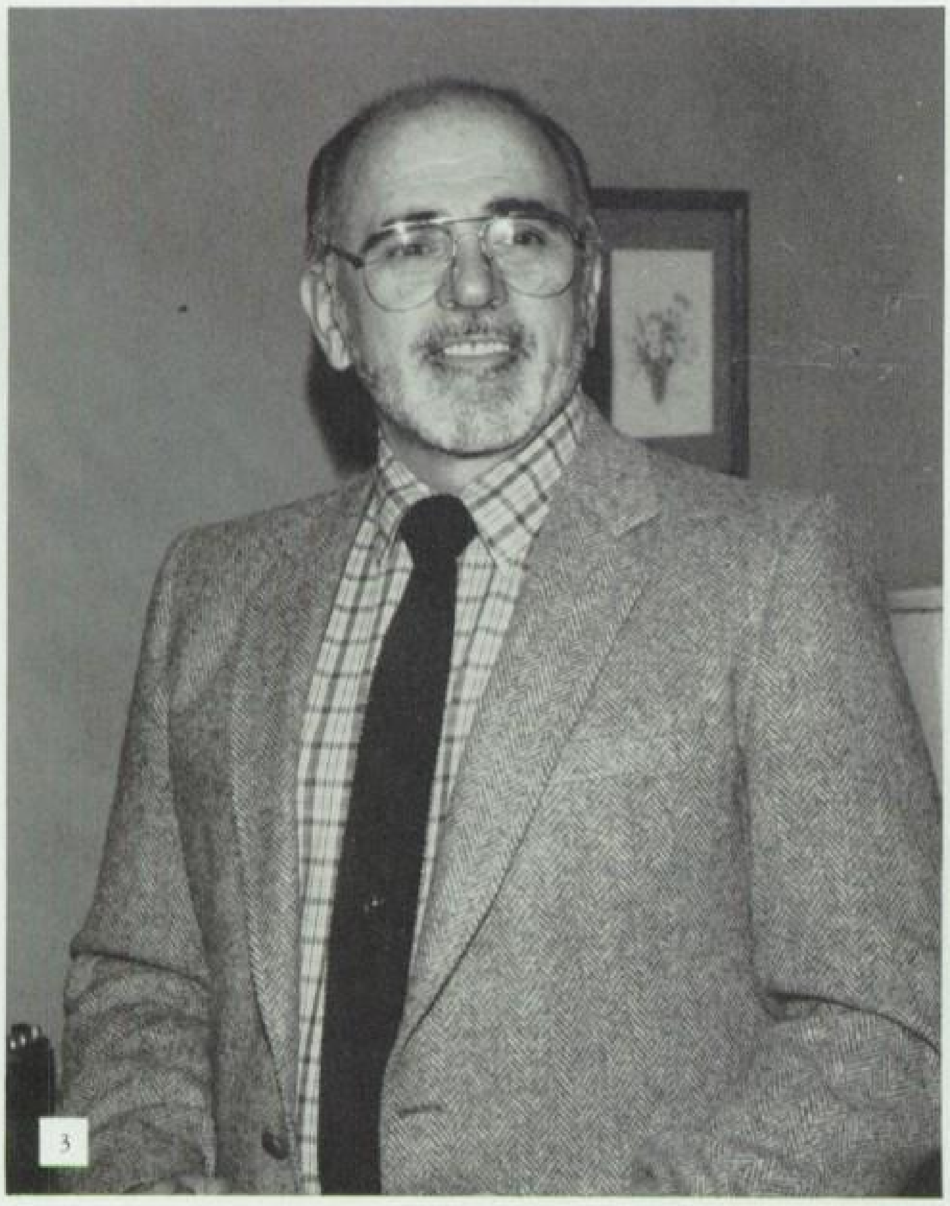

A winning team of five building administrators guided the glorious Skyhawks through a year filled with challenge and change. Lead by Principal Robert Sauter, the administrators provided direction and understanding to over 3,000 high school students who were a part of Deer Valley's crowded campus life during 1984-85.

Improved student behavior and tough new attendance regulations were highlights of the past year. Student activities and class choices were expanded to meet the diverse needs of a growing school population and school spirit was fired by D.V.'s justifiable pride in academic and athletic accomplishments.

Our administrators offered the necessary guidance and advice as the Skyhawks soared through an exceptional year of victory.

Staff Gives Support

Every part of the high school community offers a needed and essential service in order to provide for the general physical and mental well-being of over 3,000 students.

Security keeps the school safe and orderly; maintenance keeps the school in good repair. The secretaries keep records organized and help students find the correct information. While the nurses keep track of health concerns, the bookstore coordinates the financial needs of the school community.

Each department offers its unique talents to contribute to the total winning atmosphere of Deer Valley High School.

Andrea Albani, a senior at Deer Valley, (with a little help from her father, Mr. David "Daddy" Albani) has taken a bomb and created a beauty.

Building the car took a lot of paint, hard work, plenty of know-how and patience. The two of them, Andrea and her father, completely restored a '67 Chevy Impala Super Sport.

When asked what she felt was the toughest part about building her own car, Andrea replied, "Starting. When you start something like building your own car, you picture it getting done, and you can't stop." And when asked what she felt was the easiest part about building the car, she responded with a smile, "Picking the kind of car to use; Chevy's are the only choice."

Comparing the "before" and "after," it's easy to see that she put a lot more into the making of her "beast" than she would have us believe.

Senior John Bayus has set his goals in high school and it is plain to see he has reached them.

Freshman year he received the Big Hawk award in football; for basketball he won the honor of Hardest Worker, and in baseball he was voted the MVP.

As a sophomore John was voted MVP for J.V. football, and he received the Hussle award in basketball.

During his junior year, his sports were limited due to an arm injury and extensive surgery. His recovery was slow, but successful. He was healed enough to go on to play on the varsity baseball team. The team went on to go to the state playoffs, the first of D.V.'s teams to go. They made it to the All League-All Conference "Skyline Division", the first of our teams to make it.

And now as a Senior, John was chosen Top Science Student of the Class of '85 by the Optimist Club.

John has had academic scholarship offers to NAU and other various letters from colleges showing great interest in seeing John play for their schools.

John's goals to meet after high school are to go on to play college ball and from there to the pros. John says, "Academics are as important to me as football is. I would like to go into the field of physical therapy." Good luck, John!

arizona-japan exhibition

This year Deer Valley hosted the All-Star Japan Wrestlers. Two of Deer Valley's finest wrestlers (Chris Swearingen and Mike Bedia) competed with the Northwest All-Stars. Mr. Flint Swerdfeger directed the match and found a place for the foreign wrestlers to stay.

The Japan Wrestling Team had three national champions and various other experienced wrestlers. It was a very exciting experience for both wrestlers and wrestlerettes alike.

1. Chris Swearingen goes for his opponent in the first period of his match against Ryo Kanehama. 2. Looks like trouble for this Arizona wrestler when a Japan wrestler takes over. 3. Mike Bedia shakes hands with his opponent Hiroyuki Jin a Japan wrestler, before their match. 4. After the grueling match is over the two tired wrestlers shake hands.

all-star assembly

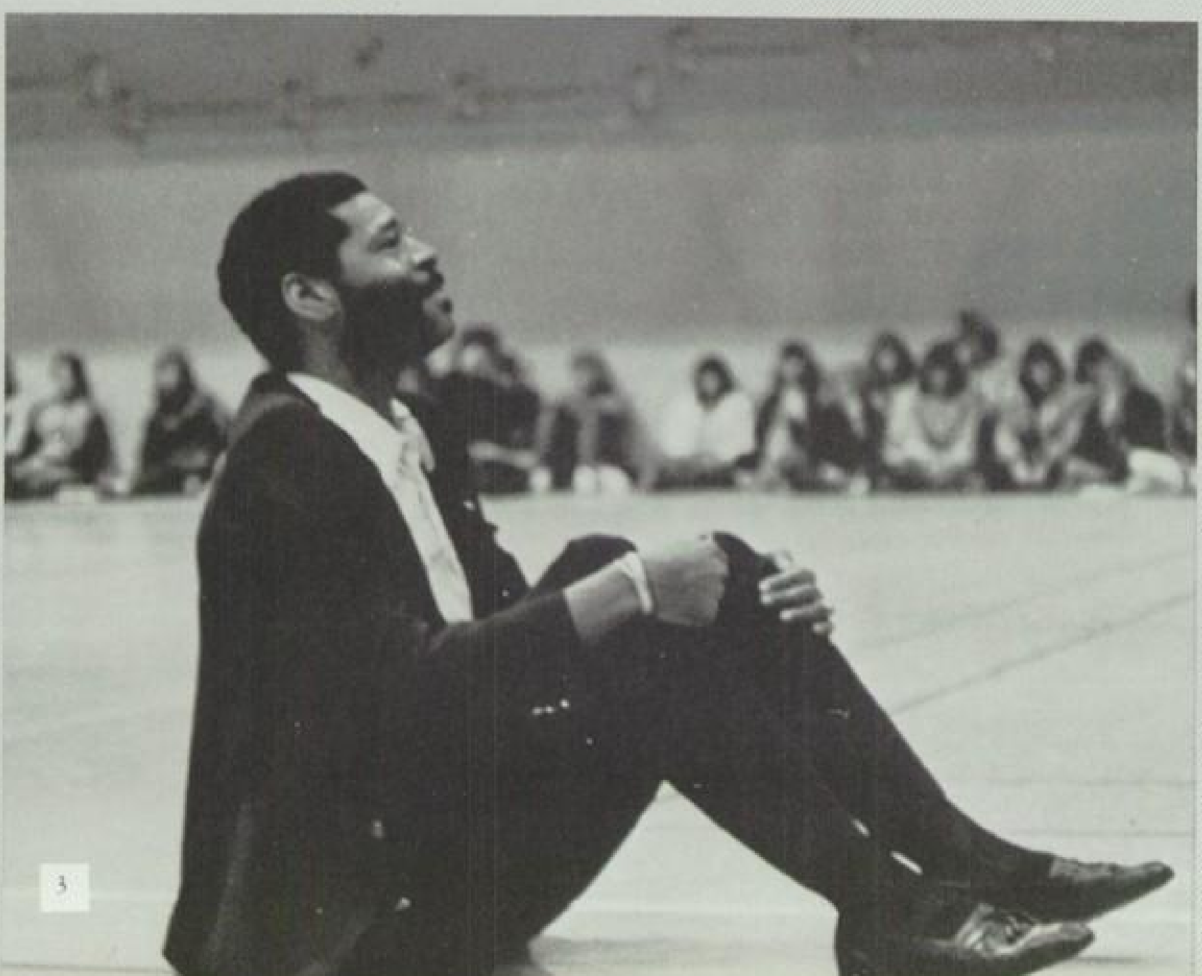

On February 6, a very special group of adults talked to campus students about the problems that young people face. This group was the "A-Team," whose members include Walli Jones, former star basketball player for the Philadelphia 76ers, Willie Mitchell, formerly of the Kansas City Chiefs and a veteran of two Super Bowl Championship games, and Alison Vallenari, spokesperson.

The "A-Team's" purpose is to help students acquire self-esteem, deal with pressures of becoming independent, and to learn how to make decisions.

This group has had outstanding results with students all across the country, with radical reductions in crime and drug offenses in many of the schools they have visited. Students at Deer Valley had the opportunity to attend a retreat to learn how to positively influence friends and to help deal with negative peer pressure.

1. Alison Vallenari and Willi Mitchell welcome Walli Jones out to speak to students. 2. Allison Valenari expresses the point of thinking highly of yourself. 3. Demonstrating the importance of self control is Walli Jones.

goodbyes are never easy

And so you reach the end, the end of another year or the end of high school. But it is the ending of a time that will be locked in your heart forever, a time in your life when you became, and were allowed to become an individual. Whichever path you walked down, whoever you were around, and whatever you were involved in, you were given the opportunity to express and distinguish yourself.

With each football game, pep assembly, chorus concert, dance, class competition, float meeting, and even job, you were able to make new friends, and spend time with the old. These activities became as much a part of your memories as your first love. Through all of these school events you were given the chance to experience the better part of life.

If you were a participant in a sport or a club, you learned to conquer life's challenges and to fulfill your dreams. Determination was the key to attaining any of your goals, so you went after the highest honor and the first place position, because that is what the Skyhawk tradition is all about — winning. But it wasn't always sunshine and roses; along with the thrill of winning, you became familiar with the disappointment of losing. Through club meetings and team practices you learned to handle responsibility and found Deer Valley a better place with a little competition.

Even though this is the end of high school, it is the beginning of your life. Just as you have been an important part of Deer Valley, Deer Valley will forever remain an important part of you.

DV-melting pot or lost and found?

Relaxing, working or just fooling around, Deer Valley does it the best with our unique style. Through academics, sports, clubs and the lifelong friendships we have made, we are creating memories to cherish forever.

salute to seniors

With the end of a senior's school year comes the culmination of the graduation ceremony. Usually for the last month of school, graduation is an obession with a senior. You were constantly marching up to the counselor's office for credit checks or for last minute college information. And as you took your final exams, wrapped up your last term papers, and said your final good-bye's to teachers, graduation lingered in the background.

When you really thought about it, commencement was just a ceremony, but you were there, involved in one of the biggest rushes in your life. Hearing your class leaders give their speeches and listening to administration wish you luck, and finally watching each one of your classmates receive their certificates, made you realize how important high school was for you. You gained much more from school than just an education; you gained experiences from individuals that would prepare you for future endeavors.

As you walked down the line to receive your diploma, a myraid of thoughts ran through your mind — some scary, some anxious, and some of relief. Finally with that diploma in your hand, and cheers from your family in the distance, you realized you had finally made it.

Counselors Offer Caring Solutions

Seated: Ms. Sharp, Mr. Patty, Ms. Baumgartner, Ms. Markham Standing: Ms. Sandoval, Ms. Kerns, Ms. Brixey, Mr. Reeve

"Counselors Care" was the theme for this year's counselors. They did everything from sitting out under the canopy at lunchtime encouraging students to come to see them to going around the campus giving free food coupons.

The counselors are kind and helpful and will always listen. However, they do more than just listen; they help to solve problems of any size large or small. Counselors do more than just talk to students; they help us.

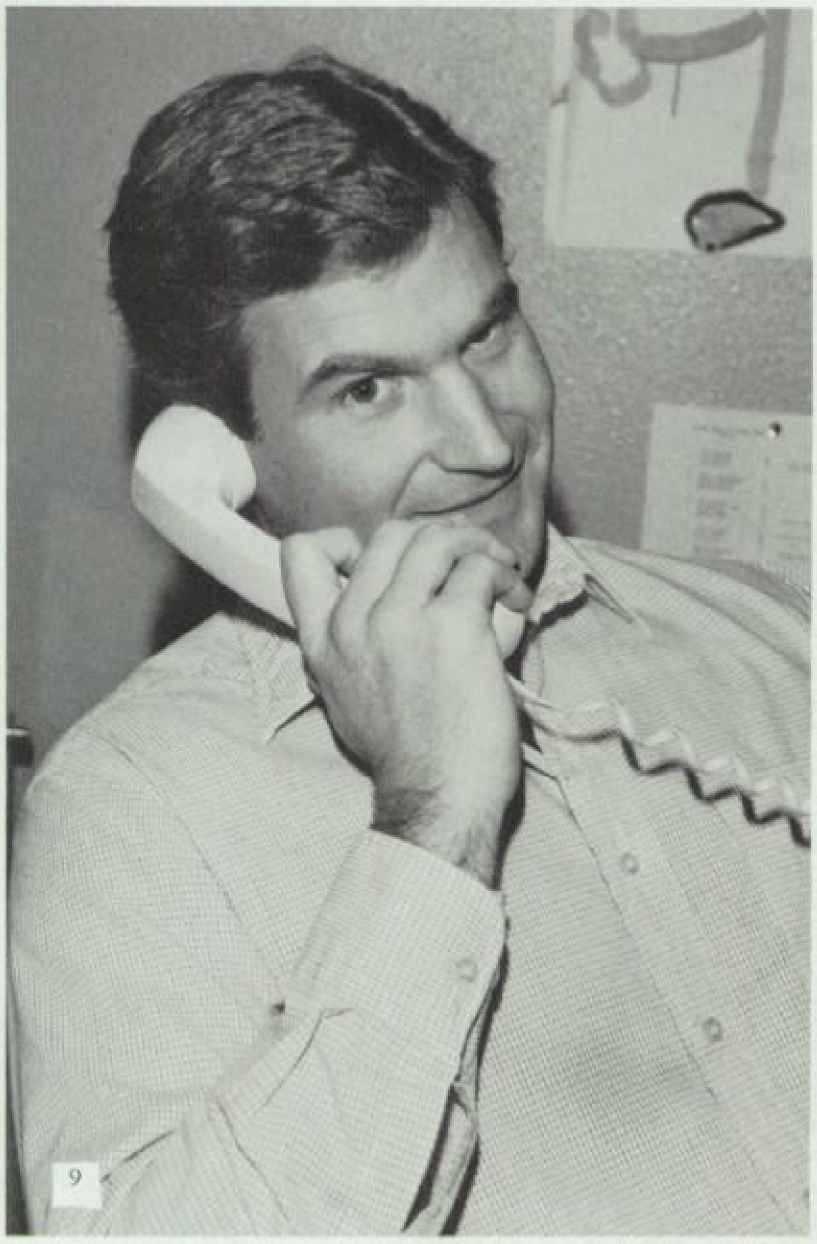

Row 1: Jennie Markham, Dick Patty, Trini Sandoval Row 2: Cynda Sharp, Sue Baumgartner, Betty Brixey

8. Ms. Baumgartner answers calls from parents.
9. Mr. Reeve's personality shines through.
10. Mr. Patty and Ms. Brixey make a decision.
11. Mr. Patty gives an example of a positive attitude.
12. Ms. Sharp shows frustration over counseling paperwork.

Throughout the adversity and controversy we encountered during the year, Principal Robert J. Sauter always stood up for our cause. Whenever the yearbook needed something, he was right there to give it to us. Even though this year was very confused one, Mr. Sauter always knew what to do. Without his help, we do not know where we would be. Thank you Mr. Sauter.

Also, the Soaring staff would like to thank Mr. Author Nichlas, Dean of Student Discipline and the rest of the Deer Valley faculty. Their understanding, patience and cooperation has been phenomenal and was the backbone of our success. A note of thanks must also be given to Mrs. Jan Johnson, Yearbook Representative for Herff-Jones Yearbooks, who made the printing of our masterpiece possible.

Finally, we would like to thank Bruce, Tom, and Jim from Updike Studios for their photography. Without them, there would not be many photos in this year's yearbook.

Soaring '85 Volume 5 was published by students at Deer Valley High School in Glendale, Arizona. Number of copies printed; 1800. Paper 80 lbs. High gloss double enamel. Garamond type: Division heads 60 pt. Garamond Italic; heads 36 points.; and 24 pt. body 10pt.; captions 8 pt. Cover Original Design Blue Bell Ultras Suede special order cover material, with embossed silver foil for name of book and year. Number of pages 248. Printer: Herff-Jones Yearbooks, P.O. Box 36, Marceline, Missouri 64658.

Special thanks to Deer Valley staff members Mr. Dave Page, Rick Anderson, Mrs. Pat Dreger, Ms. Rubi Farr, Mrs. Bea Finnerty, Mrs. Mary Godfrey, Ms. Carolyn Gorhut, Ms. Karen Houston, Mr. Wayne Kindall and all the English Department, Mrs. Joan Kullos, Mrs. Donna Mahar, Ms. Barbara Surloff, and Mrs. Beth Wheatman. Thanks as well to DV students David Hodges, Michelle Cleveland, Christine Demers, the staff of the Skyhawk Flight and Mark Malin. A nod of thanks to professionals Jim Updike, Tom Grover and Bruce Nelson of Updike Studios, and Jan Johnson of Herff-Jones Yearbook.

Dear Staff,

Heavy sighs of relief! What a hectic year we had, but as we flip through the pages we can see it all paid off. The creativity our staff possessed made our jokes funnier and also added to the personality of the book.

I had a lot of faith in our Staff — I always knew we'd meet our deadlines and I figured sooner or later. Ms. Diane Houpt would come to grip with the fact and relieve herself of her worries. I always knew someone would come up with a headline for one of our club's pages. I knew if given time, Jamie Turney would break down and cut out the seventeen lines and two words needed to reduce the copy to fit.

With a constant watch I knew Joe Tokar would find all the pictures he was searching for to complete that certain layout, and I was positive that all we needed was a little persistency to design a layout that Pam Johnson would like.

I was sure that with constant rescheduling the faculty section would get everyone to show up for their group pictures, and we all hoped that one of the photographers would receive a roll of film that wasn't defective.

Like any other staff we had our setbacks, but despite them all, I would like to say thanks — for putting up with the no's, dealing with the pressures and listening to the lectures. I am so proud of what we've accomplished because it is more than an accomplishment. I will never forget the lost pica rulers, the unfinished gossip, our crazy staff and most of all, the many extra hours that went into this book. I think it would be fair to say — no one has ever done it better . . .

Love,
Sarah Bradley
